Introduction

Part 1

Introduction

Louisiana's state government relies on tax revenues to fund valuable services for its citizens. Ensuring that the system of taxation is fair, equitable, and efficient is vital to our economic success and quality of life. In setting tax policies, we must consider the taxpayer's ability to pay, the impact of those policies on economic development, and the interaction of tax policies with other policy goals.

Tax exemptions are an important component of Louisiana's tax policies. According to RS 47:1517(E), tax exemptions refer to "those revenue losses attributable to provisions of the state tax statutes or rules promulgated pursuant to such statutes, which allow a special exclusion, exemption, or deduction from gross income or sales or which provide a special credit, a preferential rate of tax, or a deferral of tax liability." Granting a tax exemption can be a powerful tool for providing economic development incentives or for mitigating the regressive qualities of certain tax types. However, tax exemptions always come with a cost. Exemptions reduce revenues otherwise available for programs or for tax relief for taxpayers who do not benefit from the exemptions. Therefore, it is critical that policy makers understand both the cost of exemptions and their effectiveness at achieving their intended goals.

Recognizing the need for this information, the legislature mandated in Section 1517 of Title 47 of the Louisiana Revised Statutes ("Revised Statutes") that the Louisiana Department of Revenue ("Department of Revenue") prepare and submit to the governor and the legislature an annual tax exemption budget. In addition, the House Committee on Ways and Means and the Senate Committee on Revenue and Fiscal Affairs are required to conduct hearings on the tax exemption budget every odd-numbered year. These committees analyze and consider tax exemptions which have caused revenue loss to the state of ten million dollars or more in any one of the last three fiscal years. These committees may also report to the legislature findings or recommendations developed as a result of the hearings.

Statutory Requirements

According to the Revised Statutes, the tax exemption budget must include the following information pertaining to the state's tax exemptions:

1. Listing of each tax exemption
2. Statutory citation
3. Purpose
4. Estimate of revenue loss to the state for the three preceding years
5. Estimate of revenue loss to the state for the current fiscal year
6. Estimate of revenue loss to the state for the ensuing fiscal year

7. Estimated cost of administering and implementing each tax exemption for the three preceding fiscal years, the current fiscal year, and the ensuing fiscal year
8. Schedule listing all tax exemptions by categories as required by Acts 2016, No. 592

In addition, the Revised Statutes require that the annual tax exemption budget include an assessment of each tax exemption based on the following criteria:

1. Whether or not each tax exemption has been successful in meeting the purpose for which it was enacted, in particular, whether each tax exemption benefits those originally intended to be benefited, and if not, those who do benefit
2. Whether each tax exemption is the most fiscally effective means of achieving its purpose
3. Unintended or inadvertent effects, benefits, or harm caused by each tax exemption, including whether each tax exemption conflicts with other state laws or regulations
4. Whether each tax exemption simplifies or complicates the state tax statutes

Contents of the Report

Part 1, the Introduction, provides a general description of the statutory requirements for the Department of Revenue to prepare an annual tax exemption budget.

Part 2, the Overview, provides further explanation of the purpose of the tax exemption budget, methodology for measuring the fiscal effect of tax exemptions, reliability and source data of estimates, and terminology used to describe the fiscal effect of a tax exemption device.

Part 3, the Executive Summary, provides graphical representations of state revenue losses related to Fiscal Year 2015- 2016 by major tax type.

Part 4, the Five-Year Estimate of Revenue Loss, is a listing of each tax exemption by major tax type and the state revenue losses for the three preceding years, the current year, and the ensuing year.

Part 5, the Tax Exemptions by Classification Five-Year Estimated Revenue Loss, is a listing of each tax exemption by category and the state revenue losses for the three preceding years, the current year, and the ensuing year. The tax exemptions are listed by tax type within each category and the numbers correspond to their placement in the List of Tax Exemptions.

Part 6, the Listing of Tax Exemptions, is arranged alphabetically by major tax type and provides general information regarding each tax exemption. Each section contains a discussion of the major tax type, the legal citations, the

Introduction

tax base, the tax rate, and any significant changes to the imposition or administration of the tax exemption. In addition, an index of each tax exemption, the legal citation, and the page number is provided to aid the reader.

Part 7, Appendices, provides the following additional information:

Appendix A- Louisiana Revised Statute 47:1517

Appendix B- Comparison of Major Tax Exemptions with Southeastern States

Part 8, Glossary, provides definitions for terms used in the tax exemption budget.

Data Limitations of the Tax Exemption Budget

The Department of Revenue is able to provide all of the required information for the annual tax exemption budget except for the following:

1. The cost of administering and implementing each tax exemption.
2. A determination of whether each tax exemption has been successful in meeting the purpose for which it was enacted and whether it benefits those originally intended to be benefited.
3. A determination of whether each tax exemption is the most fiscally effective means of achieving its purpose.
4. A determination of unintended or inadvertent effects, benefits, or harm caused by each tax exemption.
5. A determination of whether each tax exemption simplifies or complicates the state tax statutes.

Currently, the Department of Revenue does not capture the data required to offer an opinion on the information above. The lack of historical data for specific exemptions, both financial and statistical in nature, limits the Department's ability to make a determination with any significant confidence about its degree of accuracy.

Overview

Part 2

Overview

The Purpose of the Tax Exemption Budget

Louisiana's governmental policy objectives are achieved through direct spending programs and through tax exemptions which reduce actual tax collection revenues. Similar to direct spending programs, tax exemptions are designed to encourage certain activities or to provide financial assistance to persons, businesses, or groups in particular situations. The purpose of this report is to provide information to facilitate a regular, comprehensive legislative review of tax exemptions.

Measurements of Tax Exemptions

The fiscal impacts of tax exemptions are often difficult to measure, and estimates of the effect of tax exemptions are subject to limitations and require that assumptions be made. Generally, in calculating the state revenue loss related to a tax exemption, it is assumed that only the provision in question is changed and that all other aspects of the tax system remain the same.

Consistent with accepted revenue estimating practices, the estimates also assume that economic variables, taxpayer behavior and other factors would be unaffected by the repeal of a tax exemption. As a result, the calculations did not consider any side effects that could result from the removal of any other tax exemption.

In addition, the estimates are limited to the accuracy and completeness of the source data. In some cases, little data is available and estimates were made using external sources or indirect information. Specifically, the following two scenarios are highlighted as areas of potential understatement of estimates in the tax exemption budget:

- Revenue losses associated with nonrefundable individual income tax, corporation income tax, and corporation franchise tax credits, including nonrefundable credits reported in the tax incentive and exemption contracts section have been limited to the tax liability reported.
- Revenue losses associated with transferable tax credits, such as the Motion Picture Investor Tax Credit and the credit for the Rehabilitation of Historic Structures are reported only for those claimed as credits on a tax return or that were sold directly to the state. In addition, revenue loss associated with the use of transferable tax credits as payments for outstanding liabilities is only reported if the tax credit is in the Tax Credit Registry under R.S. 47:1524.

Due to changes made to deductions and credits in the 2015 Regular Session and the First and Second Extraordinary Sessions of 2016 that impacted returns received on or after July 1, 2015 and July 1, 2016 respectively, regardless of the tax year, the normal pattern of when taxpayers file

has changed. For example, many taxpayers that traditionally file on extension in the fall filed their returns before July 1, 2015 in order to not be subject to the legislative changes. This effect can be seen in the revenue loss reported for Fiscal Year (FY) 2014-2015 and FY 2015-2016. In order to project the loss for FY 2016-2017 and FY 2017-2018, the Department first recalculated the revenue loss for FY 2014-2015 using the current law and then took an average of the recalculated FY 2014-2015 and the actual from FY 2015-2016. This average was used to calculate the projections for FY 2016-2017 and 2017-2018 after applying any other legislative changes.

In regards to the credits, the projections do not take into consideration the changes to the priority of credits made by Acts 2016, First Extraordinary Session, No. 23 or the end of the reductions made by Acts 2015, Nos. 108, 125 and 133 on June 30, 2018, or the expansion of entities subject to franchise tax under Acts 2016, 1st Ex. Sess., No. 12.

Reliability of Data Sources

The precision of the fiscal effect of the tax exemptions reported in this document varies with the source of the data and the applicability of the data to the specific tax exemption provision. Regardless of the data source, the reliability of estimates for the current and ensuing years is of distinctly lower quality than that of the historical numbers.

Whenever possible, data from actual tax returns is used to estimate the fiscal effect of a tax exemption. Other sources of data include informational reports filed with the Department of Revenue, Summary of Refunds and Rebates Issued Report, Office of Motor Vehicles, and Department of Economic Development (LED).

For purposes of this report, the following terminology is used to describe the fiscal effect for tax exemptions with the following situations:

Negligible – state revenue loss is estimated at \$10,000 or less.

No data – historical data was not available to estimate the state revenue loss.

Unable to anticipate – source data was not available to predict the future state revenue loss.

***** – tax exemption was not in effect for tax periods that would be filed during the fiscal year.

Overview

NRR – source data was not available because there is no reporting requirement for the data. Generally, this is the case for income tax and corporation franchise tax exemptions, since many of the corporations are not required to file tax returns.

See number (x) – used in the sales tax listing to indicate that the fiscal effect for a tax exemption is included with the fiscal effect of the referenced exemption/exclusion. Generally, this applies to those tax exemptions that have been superseded by an exclusion or grouped with a like item.

Explanation of Certain Reporting Disclosures in the Five-Year Revenue Loss Schedule

State Exemptions and Federal Exemptions – There are several statutory tax exemptions that are also prohibited from taxation by the state constitution, federal laws, or existing reciprocal agreements. Because of these additional prohibitions, repeal of the statutory exemption would not yield the fiscal effect indicated. For this reason, these exemptions are separately grouped at the end of each major tax listing.

Other Classifications – In the event that a revenue loss for a new exemption is not separately stated when applicable to more than one tax, then the revenue loss is reported as such:

- When applicable to corporation income and franchise taxes, the loss is reported under corporation income taxes
- When applicable to individual income and corporation income, the loss is reported under corporation income taxes
- When applicable to individual income, corporation income and franchise taxes, the loss is reported under corporation income taxes

Explanation of Certain Reporting Disclosures in the Five-Year Revenue Loss Schedule – Sales Tax

Exemptions subject to the 1% suspended rate – Estimation of the fiscal effect for sales tax exemptions is complicated by the suspension of exemptions beginning in 1986. Until March 31, 2016, exemptions found under R.S. 47:305 were exempt from three of the four percent general sales tax. The revenue loss for these exemptions are reported in the row labeled “Exemptions subject to 1% suspended rate” for FY 2013-2014, FY 2014-2015 and FY 2015-2016.

Other Exemptions – Several of the sales tax exemptions are combined on one line of the sales tax return. For this reason, we are unable to calculate the separate losses for each exemption, but we are able to determine the total revenue

loss. As a result, the total revenue loss is shown under this heading for FY 2013-2014, FY 2014-2015 and FY 2015-2016.

Beginning with FY 2016-2017, the Department of Revenue began collecting data on all exemptions. All exemptions that are reported on the tax return are listed separately starting with FY 2016-2017.

Act 25 of the 2016 First Extraordinary Legislative Session imposed the four percent state sales tax on all exemptions and exclusions not specifically listed in the Act for the period of April 1, 2016 through June 30, 2016. Beginning July 1, 2016 through June 30, 2018, Act 25 will continue to impact sales tax exclusions and exemptions through the imposition of two percent state sales tax under R.S. 47:302 except for the manufacturing machinery and equipment exclusion found under R.S. 47:301(3)(i)(i) and the business utilities of sales of steam, water, electric power, or energy, and natural gas found under R.S. 47:305(D)(1) et. al.

In addition, Act 26 of the 2016 First Extraordinary Legislative Session imposed an additional state sales tax in the amount of one percent. The new state sales tax is in addition to the sales taxes already levied pursuant to Louisiana R.S. 47:302, 321 and 331. Only those exclusions and exemptions listed in Act 26 are operable and in effect for the purpose of the imposition of the additional one percent sale tax. This additional state sales tax is in effect from April 1, 2016 until its expiration on June 30, 2018.

Analysis of Tax Collections vs. Exemptions In Millions {FY 2015-16}

* The revenue losses reported under tax incentive and exemption contracts has been included with their respective taxes of corporation income, sales, corporation franchise and individual income. The revenue losses for rebates under Tax Incentive are paid out of collections of income taxes and are thus included there.

- The FYE 6-14 and 6-15 revenue loss for these credits have been restated to conform with the FYE 6-16 presentation.
- This includes the revenue loss and projected loss for disability income exclusion, S Bank income exclusion, deduction for military family assistance fund, and deduction for adaptive home improvements for disable individuals.
- The fiscal effect assumes no restrictions on eliminating this deduction. Assuming that to reduce this deduction below the levels in effect January 1, 1974, would require a constitutional amendment, 58 percent of the fiscal effect should be considered protected.

Part 6

Corporation Franchise Tax Exemptions

Corporation Franchise Tax

{ Introduction }

The Louisiana corporation franchise tax was enacted in 1932. The tax was imposed on every domestic corporation and every foreign corporation authorized or doing business in the state, or using any part of its capital, plant, or any other property in the state. As originally enacted, the tax levied was due and payable for the privilege of carrying on or doing business, exercising of its charter or the continuance of its charter within the state.

An initial tax return covering the period beginning with the date the corporation first becomes liable for filing a return and ending with the close of the accounting period, must be filed on or before the fifteenth day of the third month after the corporation first becomes liable. Thereafter, an annual return is due by the fifteenth day of the fourth month after the close of an accounting period. For tax periods beginning on and after January 1, 2017, the annual return is due by the fifteenth day of the fifth month after the close of an accounting period. The tax is due on the first day of the calendar year or the taxpayer's fiscal year.

The law has been amended many times since 1932. However, an amendment in 1970 to replace the privilege of doing business language in the original act with the statement that the tax levied is due and payable on any one or all of the incidents referred to in the law was one of the more important amendments. For taxable years beginning after December 31, 2005, the amount of borrowed capital included in taxable capital was reduced until fully phased out for the 2011 franchise tax year.

Tax Base

Capital stock, surplus, and undivided profits

Tax Rate

The tax is currently assessed on the taxable base at the rate of \$1.50 per \$1,000 on the first \$300,000 and \$3.00 per \$1,000 over \$300,000. The tax is based on the larger of the assessed value of all real and personal property in the state or the amount of issued and outstanding capital stock, surplus, and undivided profits attributable to Louisiana.

Types of Tax Exemptions

Corporation franchise tax exemptions are in the form of exemptions/exclusions, deductions, and credits. Exemptions/exclusions generally refer to organizations or corporations that are statutorily exempt from the imposition of the corporation franchise tax due to the nature of their operation. Deductions are generally defined as a reduction to the taxable base. Credits are generally defined as a reduction to the amount of tax due. All tax exemptions related to the corporation franchise tax are listed in this report.

Significant Changes

Fiscal Year 2015-2016

2016 First Extraordinary Legislative Session

Act 12 changes the definition of the term "domestic corporation" to include all entities taxed as corporations pursuant to 26 U.S.C. Subtitle A, Chapter 1, Subchapter C for federal income tax purposes. Such entities will be treated and taxed in the same manner that such entities are treated and taxed for federal income tax purposes. Franchise tax liability will not extend to any limited liability company that is qualified and eligible to make an election to be taxed in accordance with the provisions of 26 U.S.C. Subtitle A, Chapter 1, Subchapter S on the first day of its fiscal or annual year or to any other entity that was acquired before January 1, 2014, but not earlier than January 1, 2012, by an entity that was taxed pursuant to 26 U.S.C. Subtitle A, Chapter 1, Subchapter S. Act 12 provides for a holding company deduction for any corporation, as defined in R.S. 47:601(C), that is subject to the franchise tax imposed by R.S. 47:601(A) and that is not subject to R.S. 47:602(B), (C), (D), (E), or (F), that have one or more subsidiaries. Such a corporation will be allowed to deduct from taxable capital, its investments in and advances to one or more subsidiaries, whether made directly or indirectly, when computing the corporation's franchise tax. "Subsidiaries" are defined as any corporation, as provided for in R.S. 47:601(C), that is subject to the franchise tax imposed by R.S. 47:601(A), in which at least eighty percent of the voting and nonvoting power of all classes of stock, membership, partnership, or other ownership interests are owned, directly or indirectly, by a corporation that is subject to the franchise tax as imposed by R.S. 47:601(A). Act 12 also increased the initial tax paid by every corporation or other entity subject to the franchise tax from \$10 to \$110. Effective March 10, 2016 and applicable to taxable periods beginning on or after January 1, 2017.

Act 23 changes the ordering of the application of tax credits and requires that refundable credits, other than the credit provided for in R.S. 47:6006, be applied before all other credits and payments of tax except for nonrefundable credits with no

carry forward which will be applied first. Further provides that credits be applied against income tax first before being applied against franchise tax. Finally, provides that transferable credits with an effective date of transfer, as reflected in the Tax Credit Registry pursuant to R.S. 47:1524, on or before the due date of the tax return, without regard to extensions, may be claimed on the return while transferable credits with an effective date of transfer after the due date of the return, without regard to extensions, may be used as a payment. Effective March 10, 2016 and applicable to taxable periods beginning on or after January 1, 2016.

Act 28 extends the reductions made to tax credits in Act No. 125 of the 2015 Regular Session through the sunset date of the provisions of the Act that originated as House Bill No. 62 of the 2016 First Extraordinary Session of the Legislature of Louisiana. Effective April 1, 2016.

Act 29 extends the sunset of reductions to certain rebate programs made in Act No. 126 of the 2015 Regular Session through the sunset date of the provisions of the Act that originated as House Bill No. 62 of the 2016 First Extraordinary Session of the Legislature of Louisiana. Effective April 1, 2016.

2016 Regular Legislative Session

Act 661 changes the deadline for the payment and filing of corporation income tax returns and partnership tax returns. Effective for income tax periods beginning on and after January 1, 2016, and corporation franchise tax periods beginning on and after January 1, 2017.

2016 Second Extraordinary Legislative Session

Act 4 provides that taxpayers whose ad valorem taxes are less than or equal to \$500,000 will be refunded all of the excess credit over tax. Taxpayers whose ad valorem taxes are more than \$500,000, but less than or equal to \$1,000,000 will be refunded 75 percent of the excess credit, with the remaining 25 percent being carried forward as a credit against subsequent tax liability for up to five years. Taxpayers whose ad valorem taxes are more than \$1,000,000 will be refunded 75 percent of the first \$1,000,000 of the excess credit, with the remaining amount of the credit being carried forward as a credit against subsequent tax liability for up to five years. Effective June 28, 2016.

Act 5 changed the definition of manufacturer for inventory tax credit purposes to create a specific subset of persons who meet the definition of manufacturer and have claimed the industrial ad valorem tax exemption. For this subset of manufacturers, if the amount of the inventory tax credit claimed on a tax return exceeds the amount of tax liability due on the return, the excess credit is not eligible for refund, but can be carried forward against subsequent Louisiana income or corporation franchise tax liability for up to five years. Effective June 28, 2016.

4. Limited Liability Companies

For corporation franchise tax purposes, limited liability companies are taxed the same as a partnership. Partnerships are not subject to corporation franchise tax, therefore, limited liability companies are not subject to corporation franchise tax.

Starting with the 2017 franchise tax year, Acts 2016, First Extraordinary Session, No. 12 changes the definition of the term “domestic corporation” to include all entities taxed as corporations pursuant to 26 U.S.C. Subtitle A, Chapter 1, Subchapter C for federal income tax purposes. Limited Liability Companies will be treated and taxed in the same manner that they are treated and taxed for federal income tax purposes. However, franchise tax will not extend to any limited liability company that is qualified and eligible to make an election to be taxed in accordance with the provisions of 26 U.S.C. Subtitle A, Chapter 1, Subchapter S on the first day of its fiscal or annual year or to any other entity that was acquired before January 1, 2014, but not earlier than January 1, 2012, by an entity that was taxed pursuant to 26 U.S.C. Subtitle A, Chapter 1, Subchapter S.

8. Louisiana Community Development Financial Institutions

A Louisiana Community Development Financial Institution (LCDFI) is any legal entity whose primary business activity is the investment of cash to acquire equity in or provide financing assistance as a licensed business and industrial development corporation to qualified Louisiana businesses in low-income communities.

A LCDFI corporation is exempt from corporation income and franchise taxes for five consecutive taxable periods. The exemption from the corporation franchise tax starts in the taxable period following the taxable period in which certification as a LCDFI is obtained from the commissioner.

The exemption was changed by Act 123 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 but before June 30, 2018, regardless of the tax year to which it relates. If an extension was granted prior to July 1, 2015 and the return was filed by the extended due date, the exemption is reduced; but one-third of the reduced portion of the exemption may be claimed on the taxpayer's return for each of the taxable years beginning during calendar years 2017, 2018, and 2019. The exemption allowed starting in FYE 6-16 is for four consecutive taxable periods.

10. Public-Utility Holding Corporations

A regulated public-utility holding corporation may deduct from its taxable base that portion of its assets used to finance the operation of its subsidiaries. The deduction is calculated by multiplying the sum of its investment in and advances to its subsidiary corporations by its Louisiana corporation franchise tax apportionment percent. In order to be deducted, the investments in and advances to subsidiaries must be included in the taxable capital of the holding corporation. However, public-utility holding companies have a minimum annual corporation franchise tax of \$100,000. The purpose of this deduction is to encourage corporations to relocate their principal office in Louisiana.

20. Purchase of Qualified Recycling Equipment

A credit is allowed for the purchase of new recycling manufacturing or process equipment and/or qualified service contracts. The amount of the credit is computed at 20 percent of the cost of the equipment less other tax credits received for the purchase of the equipment, but may not exceed 50 percent of the tax liability before the credit. If the equipment is sold before the total credit is claimed, the credit otherwise allowable may be claimed in the tax year of the sale and any unused credit is canceled for future periods. Total credits certified by the secretary of the Department of Environment Quality in any calendar year shall not exceed five million dollars.

The credit was reduced by Act 125 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 but before June 30, 2018, regardless of the tax year to which it relates. If an extension was granted prior to July 1, 2015 and the return was filed by the extended due date, the credit is reduced; but one-third of the reduced portion of the credit may be claimed on the taxpayer's return for each of the taxable years beginning during calendar years 2017, 2018, and 2019. The credit allowed starting in FYE 6-16 is limited to 72 percent of the original credit.

21. Louisiana Basic-Skills Training

Corporations are allowed a credit of \$250 per qualified employee who participates in a basic-skills training program at an accredited school. The credit cannot exceed \$30,000 for any single business in a particular year. Basic-skills training means any employer-paid training for qualified employees that enhances the employees' reading, writing, or mathematical skills to at least a twelfth-grade level. The purpose of this credit is to encourage corporations to provide basic-skills training, which will result in a more educated workforce.

25. Louisiana Community Development Financial Institutions Act

A tax credit is allowed for businesses that invest in a Louisiana Community Development Financial Institution (LCDFI). A LCDFI is any legal entity whose primary business activity is the investment of cash to acquire equity in or provide financing assistance as a licensed business and industrial development corporation to qualified Louisiana businesses in low-income communities. The investment credit is to be calculated as 75 percent of the investment. These credits are transferable and can be carried forward indefinitely. The total amount that can reduce tax revenues in fiscal years 2007 through 2009 is \$5 million. Any unused allocation of credits from a previous year may be carried forward and granted in the next year.

The credit was reduced by Act 125 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 but before June 30, 2018, regardless of the tax year to which it relates. If an extension was granted prior to July 1, 2015 and the return was filed by the extended due date, the credit is reduced; but one-third of the reduced portion of the credit may be claimed on the taxpayer's return for each of the taxable years beginning during calendar years 2017, 2018, and 2019. 27. Inventory Tax/Ad Valorem Tax

A refundable tax credit is allowed for ad valorem taxes paid to political subdivisions on inventory held by manufacturers, distributors, and retailers. The credit was reduced by Act 133 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 regardless of the taxable year to which the return relates. The credit allowed starting in FYE 6-16 is equal to 100 percent of the ad valorem taxes paid if the amount paid is less than \$10,000. If the ad valorem taxes paid are \$10,000 or more, only 75 percent of the excess credit over tax can be refunded with the remaining 25 percent carried forward for five years.

Act 4 of the 2016 Second Extraordinary Session changed the limitation on the amount of the excess credit over tax that is refunded, and required that groups of affiliated companies be treated as one taxpayer for purposes of the limitations on refundability, for the credit claimed on returns filed on or after July 1, 2016. Except for new business entities formed or first registered to do business in Louisiana after April 15, 2016, Act 4 deemed that if the total amount eligible for the credit is less than or equal to \$500,000, 100 percent of any excess credit is refundable, and for total eligible amounts above \$500,000, 75 percent of any excess credit up to a maximum of \$750,000 is refundable. For new business entities formed or first registered to do business in Louisiana after April 15, 2016, Act 4 deemed that if the total amount eligible for the credit is less than \$10,000, 100 percent of any excess credit is refundable, and for total eligible amounts \$10,000 or more, 75 percent of any excess credit up to a maximum of \$750,000 is refundable.

Act 5 of the 2016 Second Extraordinary Session changed the inventory tax credit to a nonrefundable credit for taxes paid on inventory by any manufacturer who claimed the property tax exemption under the Industrial Tax Exemption Program (ITEP) during the same year the inventory taxes were paid, and for taxes paid by any company related to such manufacturer on inventory that is related to the business of such manufacturer.

Hazardous Waste Disposal Tax Exemption

Hazardous Waste Disposal Tax

{ Introduction }

In 1984, Act 8 of the First Extraordinary Session, levied a one-time tax on the hazardous waste content of the land. The tax was at the rate of \$2 per ton of waste disposed or stored in the land during 1981, 1982, 1983, and the first six months of 1984. This tax was administered by the Department of Environmental Quality, but collected by the Department of Revenue.

Also, by this same Act, the hazardous waste disposal tax was levied on the disposal of hazardous waste in Louisiana and on certain storage of wastes. The disposal tax rates were set at \$5 per dry-weight ton of waste disposed at the same site where produced or generated and \$10 per dry-weight ton of waste disposed or stored at a site other than where produced or generated. The tax was deemed collectible from the generator of the hazardous waste, if the generator disposed of his own hazardous waste, or from the disposer who must collect the tax from the generator of the waste at the time that the disposer received the waste. All generators and disposers must be registered with the Louisiana Department of Environmental Quality.

In 1988, Act 655 increased the rates to \$10 per dry-weight ton of hazardous waste disposed on site and \$20 per dry-weight ton of hazardous waste disposed at another site. This act further provided that the rates would increase \$1 per year until 1998. Additional provisions of the 1988 Act were the imposition of a tax of \$25 per dry-weight ton of extremely hazardous waste disposed in Louisiana and for the taxation of waste imported into Louisiana for disposal or storage.

The tax rates were again increased in 1990 by the passage of Act 391. This legislation changed the rates from \$10, \$20, and \$25 per dry-weight ton to \$30, \$60, and \$100, respectively. An additional provision allowed a credit of 0.5 percent of the tax due for collecting and remitting the tax timely. A tax on the transportation of hazardous and extremely hazardous wastes was also levied at the rate of \$25 per gross-weight ton of hazardous or extremely hazardous wastes transported in Louisiana for disposal or storage in Louisiana.

During the 1992 Regular Legislative Session, Act 526 was enacted which reduced the tax on the disposal of waste at a site other than where produced from \$60 per dry-weight ton to \$40 per dry-weight ton. This legislation also repealed the tax on transporting hazardous or extremely hazardous waste effective July 1, 1992.

Corporation Income Tax Exemptions

Corporation Income Tax

{ Introduction }

The Louisiana corporation income tax was authorized by the 1921 state constitution. The first tax was levied in 1934 at the rate of four percent of corporate earnings exceeding \$3,000. In 1977, Louisiana raised the income tax rate from a flat rate of four percent to a five-tier tax rate schedule that ranged from four percent of the first \$25,000 of taxable income to a maximum of eight percent of the taxable income exceeding \$200,000. Louisiana allows a deduction in computing taxable income for 100 percent of the federal income taxes paid on income taxable to Louisiana, which reduces the effective corporation income tax rates.

Like many other states that impose a corporate income tax, Louisiana closely follows the federal system. That is, the state employs the federal definition of income and deductions with certain modifications. Act 16 of the First Extraordinary Session of 1986 enacted R.S. 47:287.2 through 47:287.785 relative to corporation income tax and provided for the conformance of this tax to the federal tax system.

For multi-state corporations, Louisiana net income is generally determined through formula apportionment. Under the formula apportionment method, total net income is generally apportioned to Louisiana based on the average of three factors: property, revenue, and wages.

Domestic corporations and other entities taxed as corporations for federal income tax purposes that organized under the laws of Louisiana, unless specifically exempted, must file an income tax return each year. Foreign corporations and other entities taxed as corporations for federal income tax purposes, organized under the laws of other states, who derive income from Louisiana sources, regardless of whether or not they have net income, must file an income tax return unless specifically exempted.

An income tax return is due by the fifteenth day of the fourth month following the close of an accounting period. For income tax periods beginning on and after January 1, 2016, the income tax return is due by the fifteenth day of the fifth month following the close of an accounting period.

Tax Base

Taxable income earned within or derived from sources within Louisiana.

Tax Rate

Four percent on the first \$25,000; five percent on the next \$25,000; six percent on the next \$50,000; seven percent on the next \$100,000; eight percent on the taxable income above \$200,000.

Type of Tax Exemptions

Corporation income tax exemptions are in the form of exemptions/exclusions, deductions, and credits. An exemption/exclusion generally means that a corporation is statutorily exempt from the imposition of the corporate income tax because of the nature of the corporation's business or a specific item of income that is not taxed. Deductions are generally defined as a reduction in net income to arrive at taxable income. Credits are generally defined as a reduction to the amount of tax due. All exemptions related to corporation income tax are contained in this report.

The federal income tax deduction, although a statutory deduction, is also required by the state constitution. Repeal of this deduction requires a vote of the people. For this reason, this deduction has been separated from the others and appears at the end of this section.

Significant Changes

Fiscal Year 2015-2016

2016 First Extraordinary Legislative Session

Act 1 amends and reenacts R.S. 47:287.71 (B)(6); relative to corporation income tax; increases the exclusion for dividend income received from certain banking institutions from 72 percent to 100 percent of the amount of dividend income received. Effective March 3, 2016.

Act 6 clarifies that the deduction for net operating losses is limited to a deduction equal to the lesser of 72 percent of net operating loss carryovers to a taxable year or 72 percent of Louisiana net income. Effective January 1, 2016 and applicable to all returns, regardless of the taxable year to which the return relates, filed on or after July 1, 2015.

Act 16 enacts R.S. 47:287.82 to require that certain deductible interest expenses, intangible expenses, and management fees be added-back when computing corporation income tax liability. Applicable to all tax years beginning on or after January 1, 2016.

Corporation Income Tax

{ Introduction }

Act 23 changes the ordering of the application of tax credits and requires that refundable credits, other than the credit provided for in R.S. 47:6006, be applied before all other credits and payments of tax except for nonrefundable credits with no carry forward which will be applied first. Further provides that credits be applied against income tax first before being applied against franchise tax. Finally, provides that transferable credits with an effective date of transfer, as reflected in the Tax Credit Registry pursuant to R.S. 47:1524, on or before the due date of the tax return, without regard to extensions, may be claimed on the return while transferable credits with an effective date of transfer after the due date of the return, without regard to extensions, may be used as a payment. Effective March 10, 2016 and applicable to taxable periods beginning on or after January 1, 2016.

Act 24 requires that net operating loss deductions be applied in order of the year of loss, beginning with the most recent taxable year to be applied first. Effective January 1, 2017.

Act 28 extends the reductions made to tax credits in Act No. 125 of the 2015 Regular Session through the sunset date of the provisions of the Act that originated as House Bill No. 62 of the 2016 First Extraordinary Session of the Legislature of Louisiana. Effective April 1, 2016.

Act 29 extends the sunset of reductions to certain rebate programs made in Act No. 126 of the 2015 Regular Session through the sunset date of the provisions of the Act that originated as House Bill No. 62 of the 2016 First Extraordinary Session of the Legislature of Louisiana. Effective April 1, 2016.

2016 Regular Legislative Session

Act 661 changes the deadline for the payment and filing of corporation income tax returns, partnership tax returns, and partnership composite returns. Effective for income tax periods beginning on and after January 1, 2016 and corporation franchise tax periods beginning on and after January 1, 2017.

2016 Second Extraordinary Legislative Session

Act 4 provides that taxpayers whose ad valorem taxes are less than or equal to \$500,000 will be refunded all of the excess credit over tax. Taxpayers whose ad valorem taxes are more than \$500,000, but less than or equal to \$1,000,000 will be refunded 75 percent of the excess credit, with the remaining 25 percent being carried forward as a credit against subsequent tax liability for up to five years. Taxpayers whose ad valorem taxes are more than \$1,000,000 will be refunded 75 percent of the first \$1,000,000 of the excess credit, with the remaining amount of the credit being carried forward as a credit against subsequent tax liability for up to five years. Effective June 28, 2016.

Act 5 changed the definition of manufacturer for inventory tax credit purposes to create a specific subset of persons who meet the definition of manufacturer and have claimed the industrial ad valorem tax exemption. For this subset of manufacturers, if the amount of the inventory tax credit claimed on a tax return exceeds the amount of tax liability due on the return, the excess credit is not eligible for refund, but can be carried forward against subsequent Louisiana income or corporation franchise tax liability for up to five years. Effective June 28, 2016.

Act 8 amends the apportionment formula for most industries to implement the single sales factor formula. The Act also provides for sourcing rules for the purpose of attributing sales other than sales of tangible personal property and provides for the exclusion of sales from the sales factor if the taxpayer is not taxable in a state to which a sale is sourced or if the state of assignment cannot be determined or reasonably approximated. Effective June 28, 2016. Applicable to all tax periods beginning on or after January 1, 2016.

Act 9 changes the amount of the Louisiana Citizens Property Insurance Corporation tax credit from 72 percent to 25 percent of the Citizens Assessment paid. Effective June 28, 2016.

Corporation Income Tax

{ Exemptions/Exclusions }

1. Credit Unions

Credit unions, together with all accumulations therein, are exempt from all taxes except for immovable property owned. The shares of a credit union are not subject to a stock-transfer tax when issued by the corporation or when transferred from one member to another. No fees or taxes, nor any of the stipulations as to capital stock set forth in general statutes for corporations, apply to credit unions. The purpose of this exemption is to minimize the tax burden on these nonprofit organizations.

5. Dividends from National Banking Corporations and State Banking Corporations

Dividends from national banking corporations and state banking corporations are excluded from the gross income of corporations. The federal law in effect at the time the state income tax statutes were enacted prohibited states from taxing dividends of national banking corporations. Although this prohibition was removed, Louisiana did not change its statutes to tax these dividends. The purpose of this exclusion is to comply with federal laws in effect at the time of enactment.

Corporation Income Tax

{ Exemptions/Exclusions }

7. Certain Exempt Entities

Organizations described in Internal Revenue Code sections 401(a) or 501 are exempt from corporation income tax to the extent that those organizations are exempt from income taxation under federal law. Also, the Louisiana corporation income statute exempts certain other entities. The purpose of this exemption is to provide financial assistance to these nonprofit organizations. The following is a list of exempt entities:

- A. Labor, agricultural, and horticultural organizations that are educational or instructive in character, and are designed to encourage the development of agricultural and horticultural products. The income from these organizations must be used exclusively to meet the necessary expenses of upkeep and operation.
- B. Mutual savings banks, national banking corporations, and banking corporations organized under the laws of the state of Louisiana, who pay a tax for their shareholders, or whose shareholders pay a tax on their shares of stock under other laws of this state, and building and loan associations.
- C. Fraternal beneficiary societies, orders, or associations operating under the lodge system, or for the exclusive benefit of the members of a fraternity itself operating under the lodge system, and providing for the payment of life, sick, accident, or other benefits to members of the society, order, or association or their dependents.
- D. Nonprofit cemetery companies owned and operated exclusively for the benefit of their members.
- E. Any corporation, community chest, or fund, organized and operated exclusively for religious, charitable, scientific, literary or educational purposes, or for the prevention of cruelty to children or animals.
- F. Business leagues, chambers of commerce, real estate boards, or boards of trade not organized for profit and no part of the net earnings benefits any private shareholder or individual.
- G. Nonprofit civic leagues or organizations operated exclusively for charitable, educational, or recreational purposes.
- H. Clubs organized and operated exclusively for pleasure, recreation, or other nonprofit purposes.

7. Certain Exempt Entities (continued)

- I. Benevolent life insurance associations of a purely local character, mutual ditch or irrigation companies, mutual or cooperative telephone companies, or like organizations, but only if 85 percent or more of the income consists of amounts collected from members for the sole purpose of meeting losses and expenses.
- J. Farmers' or other mutual hail, cyclone, casualty, or fire insurance companies or associations (including interinsurers and reciprocal underwriters), but only if the income of which is used or held for the purpose of paying losses or expenses.
- K. Certain farmers, fruit growers, or like associations organized and operated on a cooperative basis for the purpose of marketing products or purchasing supplies and equipment.
- L. Corporations organized by exempt farmers' cooperatives to finance crop operations of members.
- M. Corporations organized for the exclusive purpose of holding title to property, collecting income therefrom, and turning over the entire amount thereof, less expenses, to organizations that are organized and operated exclusively for religious, charitable, scientific, literary, and educational purposes. No part of the net earnings can benefit any private stockholder.
- N. Voluntary employees' beneficiary associations providing for the payment of life, sick, accident, or other benefits to the members of the association or their dependents.
- O. Teachers' retirement fund associations of a purely local character, if no part of their net earnings (other than through payment of retirement benefits) benefits a private shareholder or individual, and if the income consists solely of amounts received from public taxation, amounts received from assessments upon the teaching salaries of members, and income in respect of investments.

8. Louisiana Community Development Financial Institutions

A Louisiana Community Development Financial Institution (LCDFI) is any legal entity whose primary business activity is the investment of cash to acquire equity in or provide financing assistance as a licensed business and industrial development corporation to qualified Louisiana businesses in low-income communities.

LCDFI corporations themselves are exempt from corporation income and franchise taxes for five consecutive taxable periods. The exemption from the corporation income tax shall commence with the taxable period in which the capital company is certified by the commissioner.

The exemption was changed by Act 123 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 but before June 30, 2018, regardless of the tax year to which it relates. If an extension was granted prior to July 1, 2015 and the return was filed by the extended due date, the exemption is reduced; but one-third of the reduced portion of the exemption may be claimed on the taxpayer's return for each of the taxable years beginning during calendar years 2017, 2018, and 2019. The exemption allowed starting in FYE 6-16 is for four consecutive taxable periods.

10. Subchapter S Corporation

Corporations classified as S corporations under Subchapter S of the Internal Revenue Code are required to file Louisiana corporation income tax returns. To arrive at taxable income Subchapter S corporations may exclude a percentage of their Louisiana net income. The excludable percentage is determined by dividing the number of issued and outstanding shares of capital stock of the Subchapter S corporation owned by Louisiana "resident individuals" on the last day of the corporation's tax year by the total number of issued and outstanding shares of capital stock of the corporation on the last day of the corporation's tax year. No share will be excluded unless its owner has filed a Louisiana individual income tax return that includes the owner's share of the Subchapter S corporation's income. The purpose of this exclusion is to limit income taxation on Subchapter S corporation income to either the corporate or shareholder level. The revenue loss associated with this exclusion is the gross revenue loss calculated using corporate income tax return data and is not offset by the amount of income tax paid on the Subchapter S corporation income included on individual income tax returns.

{ Deductions }

11. Percentage Depletion

An additional deduction in determining net income is allowed for oil and gas depletion. The deduction is based on a percentage of gross income from the property limited to 50 percent of the net income from the property calculated without the deduction for depletion. The purpose of this deduction is to promote oil and gas exploration and production.

The deduction was changed by Act 123 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 but before June 30, 2018, regardless of the tax year to which it relates. If an extension was granted prior to July 1, 2015 and the return was filed by the extended due date, the deduction is reduced; but one-third of the reduced portion of the deduction may be claimed on the taxpayer's return for each of the taxable years beginning during calendar years 2017, 2018, and 2019. The deduction allowed starting in FYE 6-16 is based on a percentage of gross income from the property limited to 36 percent of the net income of the taxpayer.

13. I.R.C. Section 280C Expense

A deduction is allowed for any expenses that are disallowed under I.R.C. Section 280C. For federal purposes, taxpayers can not claim certain tax credits and deduct certain expenses associated with those credits. I.R.C. Section 280C requires a taxpayer who elects to claim certain credits that are based on an expense to reduce the federal deduction for the expense by the dollar amount of the credit claimed. This deduction allows the taxpayer to reduce their federal taxable income by the amount of the deduction that was disallowed for federal income tax purposes.

The deduction was changed by Act 123 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 but before June 30, 2018, regardless of the tax year to which it relates. If an extension was granted prior to July 1, 2015 and the return was filed by the extended due date, the deduction is reduced; but one-third of the reduced portion of the deduction may be claimed on the taxpayer's return for each of the taxable years beginning during calendar years 2017, 2018, and 2019. The deduction allowed starting in FYE 6-16 is limited to 72 percent of the expenses disallowed under I.R.C. Section 280C.

16. Insurance Company Premium Tax

A credit is allowed for any premium taxes paid to the Insurance Commissioner of the state of Louisiana. The purpose of this credit is to allow an offset for the premium taxes paid. An offset provided under R.S. 22:832 and R.S. 22:2058 against the premium tax liability has reduced the impact of the premium tax credit.

The credit was reduced by Act 125 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 but before June 30, 2018, regardless of the tax year to which it relates. 34. Neighborhood Assistance

A credit is allowed to businesses that provide neighborhood assistance, job training for individuals, community service, or crime prevention to upgrade impoverished areas. The Commissioner of Administration may allow a credit of up to 70 percent of the actual amount contributed to approved programs. The credit for any corporation shall not exceed \$250,000. The total amount of the tax credit granted for programs approved by the Commissioner may not exceed one percent of the total amount of state corporate income tax collected in the prior fiscal year. The purpose of this credit is to encourage assistance to impoverished areas.

The credit was reduced by Act 125 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 but before June 30, 2018, regardless of the tax year to which it relates. 35. Rehabilitation of Historic Structures

A tax credit is allowed for the eligible cost and expenses incurred during the rehabilitation of a historic structure located in a downtown development or a cultural product district. Eligible structures must be nonresidential real property or residential rental property. The credit is for 25 percent of the eligible costs and expenses of the rehabilitation incurred prior to January 1, 2018 and 20 percent for eligible costs and expenses incurred on or after January 1, 2018. No taxpayer or affiliate shall claim more than \$5,000,000 of credit per year for any number of structures rehabilitated within a particular downtown development or a cultural product district. The credit is earned only in the year in which the property attributable to the expenditures is placed in service.

36. Louisiana Community Development Financial Institutions Act

This provision creates the Louisiana Community Development Financial Institutions Act. A Louisiana Community Development Financial Institution (LCDFI) is any legal entity whose primary business activity is the investment of cash to acquire equity in or provide financing assistance as a licensed business and industrial development corporation to qualified Louisiana businesses in low-income communities and provides for an income and franchise tax credit for individuals and businesses that invest in LCDFIs. The investment credit is to be calculated as 75 percent of the investment. These credits are transferable and can be carried forward indefinitely. The total amount that can reduce tax revenues in fiscal years 2007 through 2009 is \$5 million. Any unused allocation of credits from a previous year may be carried forward and granted in the next year.

The credit was reduced by Act 125 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 but before June 30, 2018, regardless of the tax year to which it relates. If an extension was granted prior to July 1, 2015 and the return was filed by the extended due date, the exemption is reduced; but one-third of the reduced portion of the exemption may be claimed on the taxpayer's return for each of the taxable years beginning during calendar years 2017, 2018, and 2019. 38. Inventory Tax/Ad Valorem Tax

A refundable tax credit is allowed for ad valorem taxes paid to political subdivisions on inventory held by manufacturers, distributors, and retailers. The credit was reduced by Act 133 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 regardless of the taxable year to which the return relates. The credit allowed starting in FYE 6-16 is equal to 100 percent of the ad valorem taxes paid if the amount paid is less than \$10,000. If the ad valorem taxes paid are \$10,000 or more, only 75 percent of the excess credit over tax can be refunded with the remaining 25 percent carried forward for five years.

Act 4 of the 2016 Second Extraordinary Session changed the limitation on the amount of the excess credit over tax that is refunded, and required that groups of affiliated companies be treated as one taxpayer for purposes of the limitations on refundability, for the credit claimed on returns filed on or after July 1, 2016. Except for new business entities formed or first registered to do business in Louisiana after April 15, 2016, Act 4 deemed that if the total amount eligible for the credit is less than or equal to \$500,000, 100 percent of any excess credit is refundable, and for total eligible amounts above \$500,000, 75 percent of any excess credit up to a maximum of \$750,000 is refundable. For new business entities formed or first registered to do business in Louisiana after April 15, 2016, Act 4 deemed that if the total amount eligible for the credit is less than \$10,000, 100 percent of any excess credit is refundable, and for total eligible amounts \$10,000 or more, 75 percent of any excess credit up to a maximum of \$750,000 is refundable.

Act 5 of the 2016 Second Extraordinary Session changed the inventory tax credit to a nonrefundable credit for taxes paid on inventory by any manufacturer who claimed the property tax exemption under the Industrial Tax Exemption Program (ITEP) during the same year the inventory taxes were paid, and for taxes paid by any company related to such manufacturer on inventory that is related to the business of such manufacturer.

43. LA Citizens Property Insurance Corporation Assessment

A refundable credit is allowed for the amount of surcharges, market equalization charges, or assessments paid as a result of the assessments levied by the Louisiana Citizens Property Insurance Corporation due to Hurricanes Katrina and Rita. This credit is available to taxpayers who paid the assessments as a part of their homeowner's insurance premium. For assessments paid on or after January 1, 2007, an individual taxpayer can claim the credit after payment is made on a form provided by the secretary instead of on their Louisiana individual income tax return.

The credit was reduced by Act 125 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 but before June 30, 2018, regardless of the tax year to which it relates. If an extension was granted prior to July 1, 2015 and the return was filed by the extended due date, the credit is reduced; but one-third of the reduced portion of the credit may be claimed on the taxpayer's return for each of the taxable years beginning during calendar years 2017, 2018, and 2019. The credit allowed starting in FYE 6-16 is limited to 72 percent of the assessment paid.

The credit was further reduced by Act 9 of the 2016 Second Extraordinary Legislative Session for any return filed for any taxable year beginning on or after January 1, 2016. The credit allowed effective June 28, 2016 is limited to 25 percent of the assessment paid.

A credit is allowed for the cost of purchase and installation of a solar energy system by a taxpayer at their residence located in Louisiana by a taxpayer who owns a residential rental apartment project, or by a taxpayer who purchases and installs such a system in a residence or a residential rental apartment project which is located in Louisiana. The credit is 50 percent of the first \$25,000 of the cost of a system purchased and installed on or after January 1, 2008. The credit for leased systems is 38 percent of the first \$20,000 of the cost of purchase installed on after January 1, 2014. For systems installed after July 1, 2015, the credit for purchased systems is now equal to the lesser of 1) \$2.00 multiplied by the total size of the system as measured in DC watts or 2) 50 percent of the first \$20,000 of the cost of purchase and installation. The credit may be used in addition to any federal tax credits earned for the same system, except that, a taxpayer may not receive any other state tax credit, exemption, exclusion, deduction, or any other tax benefit for property for which a tax credit has been received under this Section. Only one tax credit is available for any eligible system and use of the credit must be disclosed when the property is sold.

46. Milk Producers

A credit is allowed for resident taxpayers engaged in the business of producing milk for sale. The credit will be allowed when the USDA Uniform Price in Federal Order Number 7 drops below the announced production price established by the Department of Agriculture and Forestry any time during the calendar year. Qualified taxpayers are eligible for tax credits based on the production and sale of milk below the announced production price over a calendar year.

The Department of Health and Hospitals must certify to the Department of Revenue, by January 31 of the following year, which milk producers are eligible to receive the credits. Any producer not certified by the Department of Health and Hospitals will not be entitled to the credits. The credits allowed for each milk producer may not exceed \$30,000 per calendar year, and the total amount of tax credits allowed for all producers may not exceed \$2.5 million per calendar year.

The credit was reduced by Act 125 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 but before June 30, 2018, regardless of the tax year to which it relates. If an extension was granted prior to July 1, 2015 and the return was filed by the extended due date, the credit is reduced; but one-third of the reduced portion of the credit may be claimed on the taxpayer's return for each of the taxable years beginning during calendar years 2017, 2018, and 2019. 47. Conversion of Vehicles to Alternative Fuel

A credit is allowed for 50 percent of the cost of the qualified clean burning motor vehicle fuel property for the taxable period in which the property is purchased and installed. If the taxpayer purchases a new motor vehicle originally equipped with qualified clean burning motor vehicle fuel property and is unable to or elects not to determine the exact cost attributable to the property, the taxpayer may claim a credit equal to 10 percent of the cost of the motor vehicle or \$3,000, whichever is less, provided the motor vehicle is registered in Louisiana. The purpose of this credit is to provide an incentive to persons or corporations to invest in qualified clean-burning motor vehicle fuel property.

The credit was reduced by Act 125 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 but before June 30, 2018, regardless of the taxable year to which the return relates. If an extension was granted prior to July 1, 2015 and the return was filed by the extended due date, the credit is reduced; but one-third of the reduced portion of the credit may be claimed on the taxpayer's return for each of the taxable years beginning during calendar years 2017, 2018, and 2019. The credit allowed starting with FYE 6-16 is 36 percent of the cost of the qualified clean-burning motor vehicle fuel property. If the taxpayer is unable to, or elects not to determine the exact cost, the credit is equal to 7.2 percent of the cost of the motor vehicle or \$1,500, whichever is less.

The School Readiness Tax Credits are a comprehensive effort to support Quality Start, a voluntary, quality rating system by the Department of Education for child care centers through tax breaks to families, child care providers, child care teachers and directors, as well as businesses that support child care.

A credit is allowed for a taxpayer who incurs eligible business-supported child-care expenses. The credit amount depends upon the quality rating of the child care facility to which the expenses are related or the quality rating of the child care facility that the child attends. Eligible business-supported child-care expenses include expenses to construct, renovate, or expand a child care center, purchase equipment for a center, maintain or operate a center, or subsidize child care for their employees.

50. School Readiness Fees and Grants to Resource and Referral Agencies

The School Readiness Tax Credits are a comprehensive effort to support Quality Start, a voluntary, quality rating system by the Department of Education for child care centers through tax breaks to families, child care providers, child care teachers and directors, as well as businesses that support child care.

A credit is allowed for a taxpayer whose business pays fees and grants to child care resource and referral agencies. These are private agencies that contract with the Department of Education to provide important information and services to parents and child care providers. The credit is equal to the amount donated but cannot exceed \$5,000 per tax year.

Individual Income Tax Exemptions

Individual Income Tax

{ Introduction }

Louisiana's individual income tax was first imposed in 1934. The tax is assessed on a resident individual's income derived from all sources and a nonresident individual's income derived from Louisiana sources. Resident individuals are allowed a credit for income tax paid to other states on income that is also taxed by Louisiana.

Like other states that impose a personal income tax, Louisiana closely follows the federal system utilizing the federal definition of income and deductions with certain modifications. Louisiana tax-table income is a modified federal adjusted gross income less federal income taxes paid.

The income tax base is partially diminished by a combined personal exemption/standard deduction of \$4,500 for single filers and married taxpayers filing separately or \$9,000 for married taxpayers filing jointly, head-of-household filers, and qualifying widowers. Additional \$1,000 deductions are given for each dependent and each taxpayer who is blind or 65 years of age or older.

Any resident, nonresident, or part-year resident required to file a tax return must do so by the fifteenth day of the fifth month after the close of their taxable year.

Tax Base

The tax base is comprised of federal adjusted gross income less federal income tax and the portion of federal itemized deductions that were in excess of the federal standard deduction with adjustments for other modifications to federal adjusted gross income.

Tax Rate

Tax tables are used to determine tax liability using rates as follows:

	Effective for taxable periods beginning after December 31, 2002	Effective for taxable periods beginning after December 31, 2008
Married couple filing joint return or qualifying widow:	2% on the first \$25,000	2% on the first \$25,000
	4% on the next \$25,000	4% on the next \$75,000
	6% on the taxable income above \$50,000	6% on the taxable income above \$100,000
Single, Head of Household, or married filing separately	2% on the first \$12,500	2% on the first \$12,500
	4% on the next \$12,500	4% on the next \$37,500
	6% on the taxable income above \$25,000	6% on the taxable income above \$50,000

Types of Tax Exemptions

Individual income tax exemptions are in the form of exemptions/exclusions, deductions, and credits. Exemptions/exclusions generally mean a specific item of income that is not included in taxable income. Deductions are generally defined as a reduction in net income to arrive at taxable income. Credits are generally defined as a reduction to the amount of tax due. All exemptions related to individual income tax are contained in this report.

The federal income tax deduction, although a statutory deduction, is also required by the state constitution. Repeal of this deduction requires a vote of the people. For this reason, this deduction has been separated from the other exemptions and appears at the end of this section.

{ Introduction }

Significant Changes Fiscal Year 2015-2016

2016 First Extraordinary Legislative Session

Act 21 repeals the Student Assessment for a Valuable Education (SAVE) credit program in its entirety. Effective March 14, 2016.

Act 23 changes the ordering of the application of tax credits and requires that refundable credits, other than the credit provided for in R.S. 47:6006, be applied before all other credits and payments of tax except for nonrefundable credits with no carry forward which will be applied first. Further provides that credits be applied against income tax first before being applied against franchise tax. Finally, provides that transferable credits with an effective date of transfer, as reflected in the Tax Credit Registry pursuant to R.S. 47:1524, on or before the due date of the tax return, without regard to extensions, may be claimed on the return while transferable credits with an effective date of transfer after the due date of the return, without regard to extensions, may be used as a payment. Effective March 10, 2016 and applicable to taxable periods beginning on or after January 1, 2016.

Act 28 Extends the reductions made to tax credits in Act No. 125 of the 2015 Regular Session through the sunset date of the provisions of the Act that originated as House Bill No. 62 of the 2016 First Extraordinary Session of the Legislature of Louisiana. Effective April 1, 2016.

Act 29 Extends the sunset of reductions to certain rebate programs made in Act No. 126 of the 2015 Regular Session through the sunset date of the provisions of the Act that originated as House Bill No. 62 of the 2016 First Extraordinary Session of the Legislature of Louisiana. Effective April 1, 2016.

2016 Regular Legislative Session

Act 187 provides that the income tax checkoff for the Friends of Palmetto Island State Park, Inc. will remain on the individual income tax return through January 1, 2020, regardless of whether donations exceed \$10,000 for two consecutive years. Effective May 26, 2016.

Act 461 provides that the secretary may accept a physical copy of a taxpayer's Internal Revenue Service form requesting an extension of time to file a federal income tax return as an extension of time to file a Louisiana income tax return without the necessity of an additional state form. Effective August 1, 2016.

2016 Second Extraordinary Legislative Session

Act 4 provides that taxpayers whose ad valorem taxes are less than or equal to \$500,000 will be refunded all of the excess credit over tax. Taxpayers whose ad valorem taxes are more than \$500,000, but less than or equal to \$1,000,000 will be refunded 75 percent of the excess credit, with the remaining 25 percent being carried forward as a credit against subsequent tax liability for up to five years. Taxpayers whose ad valorem taxes are more than \$1,000,000 will be refunded 75 percent of the first \$1,000,000 of the excess credit, with the remaining amount of the credit being carried forward as a credit against subsequent tax liability for up to five years. Effective June 28, 2016.

Act 5 changed the definition of manufacturer for inventory tax credit purposes to create a specific subset of persons who meet the definition of manufacturer and have claimed the industrial ad valorem tax exemption. For this subset of manufacturers, if the amount of the inventory tax credit claimed on a tax return exceeds the amount of tax liability due on the return, the excess credit is not eligible for refund, but can be carried forward against subsequent Louisiana income or corporation franchise tax liability for up to five years. Effective June 28, 2016.

Act 9 changed the amount of the Louisiana Citizens Property Insurance Corporation tax credit from 72 percent to 25 percent of the Citizens Assessment paid. Effective June 28, 2016.

Act 11 limits the individual income tax deduction for certain net capital gains. Limits the deduction to net capital gains resulting from the sale or exchange of an equity interest or assets held by the taxpayer for a minimum of five years immediately prior to the sale or exchange. Provides that the amount of the deduction is based on the number of years the entity was domiciled in Louisiana. Effective June 28, 2016. Act 11 is applicable to sales or exchanges of equity interests or assets that occur on or after June 28, 2016.

A credit is allowed for taxes paid to other states. The purpose of this credit is to allow taxpayers to deduct the income tax paid to other states on income also taxed by Louisiana, so as not to subject the taxpayer to double taxation.

The credit was reduced by Act 109 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 but before June 30, 2018. The credit is allowed only if the other state provides a similar credit for Louisiana income taxes paid on income derived from property located in, or from services rendered in, or from business transacted in Louisiana; shall be limited to the amount of Louisiana income tax that would have been imposed if the income earned in the other state had been earned in Louisiana and not allowed for income taxes paid to a state that allows non-resident a credit against the income taxes imposed by that state for taxes paid or payable to the state of residence.

28. Contribution of Tangible Personal Property of a Sophisticated & Technological Nature to Educational Institutions

A credit is allowed for contributions of tangible personal property of a sophisticated and technological nature to educational institutions. The credit allowed is 40 percent of the property's value, or, in the case of sales below cost, 40 percent of the difference between the price received and the property's value, subject to the limitations prescribed in the statute. The purpose of this credit is to allow a tax credit to corporations, persons, estates, and trusts that donate, sell below cost, or contribute properties of a sophisticated and technological nature to educational institutions in the state of Louisiana.

The credit was reduced by Act 125 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 but before June 30, 2018, regardless of the tax year to which it relates. If an extension was granted prior to July 1, 2015 and the return was filed by the extended due date, the credit is reduced; but one-third of the reduced portion of the credit may be claimed on the taxpayer's return for each of the taxable years beginning during calendar years 2017, 2018, and 2019. 30. Special Allowable Credits

A credit is allowed for ten percent of the amount of certain federal income tax credits. Beginning in 1975, the use of federal tax as an entry into state tax tables gave taxpayers benefit of the following credits:

- credit for contributions to candidates for public office
- credit for the elderly
- investment credit
- foreign tax credit
- work incentive credit
- jobs credit
- residential energy credit

In 1980, the method was changed to use federal adjusted gross income to calculate the amount of tax due. Because the change eliminated federal tax credits, this provision was enacted. Beginning in 1986, the credit was limited to \$25. The purpose of this credit is to allow some of the federal credits to also be applied against the state tax liability.

The credit was reduced by Act 125 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 but before June 30, 2018, regardless of the tax year to which it relates. If an extension was granted prior to July 1, 2015 and the return was filed by the extended due date, the credit is reduced; but one-third of the reduced portion of the credit may be claimed on the taxpayer's return for each of the taxable years beginning during calendar years 2017, 2018, and 2019. A credit of \$25 is allowed for each qualified dependent child who was in school in kindergarten through 12th grade at least part of the year. This credit enacted in 1980, was suspended beginning with the tax year 1986 through tax year 1995.

The credit was suspended by Act 38 of the 2000 Legislative Session for the taxable years beginning after December 31, 1999, and before January 1, 2002. Acts 2002, No. 25 suspended the credit for tax years beginning on or after January 1, 2000, and prior to January 1, 2006.

32. Certain Child Care Expenses

Taxpayers are allowed a credit for a percentage of the federal child and dependent care credit taken on a resident's federal income tax return. If a federal credit was not taken because of the alternative minimum tax, then no state credit is allowed because the Louisiana credit is based on the credits taken on the federal return.

The state child care tax credit is allowed as follows:

<i>Federal Adjusted Gross Income</i>	<i>Percent of Federal Credit</i>
\$25,000 or less	50%
\$25,001 to \$35,000	30%
\$35,001 to \$60,000	10%
Over \$60,000	Lesser of \$25 or 10%

41. Accessible and Barrier-Free Constructed Home

A credit is allowed for taxpayers who include accessible and barrier-free design elements in the construction of a new one- or two-family dwelling. To claim the credit, the taxpayer must own the newly constructed one- or two-family dwelling and must qualify for and claim the homestead exemption on the home.

The credit allowed is for the lesser of the tax due or \$1,000 and must be taken in the taxable year in which the construction of the dwelling is completed. Only one tax credit may be granted per dwelling.

The required accessible and barrier free design elements for the credit are:

- The dwelling must have one zero-step entrance at the front, back, or side of the residence.
- All main floor doors must have a clear passage space of at least thirty-two inches between doorjamb and strikes with the door at a ninety degree angle.
- All hallways and passages on the main floor must have at least thirty-six inches of clearance to the accessible bathroom and eating area.
- The main floor must have, at a minimum, a half bath with a minimum five-foot diameter of free and clear floor space.

The credit was reduced by Act 125 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 but before June 30, 2018, regardless of the tax year to which it relates. 55. Louisiana Community Development Financial Institutions Act

This provision creates the Louisiana Community Development Financial Institutions Act. A Louisiana Community Development Financial Institution (LCDFI) is any legal entity whose primary business activity is the investment of cash to acquire equity in or provide financing assistance as a licensed business and industrial development corporation to qualified Louisiana businesses in low-income communities and provides for an income and franchise tax credit for individuals and businesses that invest in LCDFIs. The investment credit is to be calculated as 75 percent of the investment. These credits are transferable and can be carried forward indefinitely. The total amount that can reduce tax revenues in fiscal years 2007 through 2009 is \$5 million. Any unused allocation of credits from a previous year may be carried forward and granted in the next year.

The credit was reduced by Act 125 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 but before June 30, 2018, regardless of the tax year to which it relates. If an extension was granted prior to July 1, 2015 and the return was filed by the extended due date, the credit is reduced; but one-third of the reduced portion of the credit may be claimed on the taxpayer's return for each of the taxable years beginning during calendar years 2017, 2018, and 2019. The credit allowed starting in FYE 6-16 is 54 percent of the investment.

57. Rehabilitation of an Owner Occupied Residential or Mixed-Use Property

This provision provides a credit for a percentage of eligible expenses rehabilitating an owner occupied residential or mixed-use property located in a National Register historic district, a local historic district, a main street district, a cultural products district, or a downtown development district, or is eligible for listing on the National Register, or has been certified by the State Historic Preservation Office. The credit is limited to \$25,000 per structure and the percent of expenses allowed for the credit varies by income level. The tax credit is divided into five equal portions to be applied against the tax for the Five-Year period beginning in the taxable period in which the rehabilitated residential structure is first placed in service. Total credits granted cannot exceed \$10,000,000 in any calendar year.

The credit was reduced by Act 125 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 but before June 30, 2018, regardless of the tax year to which it relates. 61. Inventory Tax/Ad Valorem Tax

A refundable tax credit is allowed for ad valorem taxes paid to political subdivisions on inventory held by manufacturers, distributors, and retailers. The credit was reduced by Act 133 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 regardless of the taxable year to which the return relates. The credit allowed starting in FYE 6-16 is equal to 100 percent of the ad valorem taxes paid if the amount paid is less than \$10,000. If the ad valorem taxes paid are \$10,000 or more, only 75 percent of the excess credit over tax can be refunded with the remaining 25 percent carried forward for five years.

Act 4 of the 2016 Second Extraordinary Session changed the limitation on the amount of the excess credit over tax that is refunded, and required that groups of affiliated companies be treated as one taxpayer for purposes of the limitations on refundability, for the credit claimed on returns filed on or after July 1, 2016. Except for new business entities formed or first registered to do business in Louisiana after April 15, 2016, Act 4 deemed that if the total amount eligible for the credit is less than or equal to \$500,000, 100 percent of any excess credit is refundable, and for total eligible amounts above \$500,000, 75 percent of any excess credit up to a maximum of \$750,000 is refundable. For new business entities formed or first registered to do business in Louisiana after April 15, 2016, Act 4 deemed that if the total amount eligible for the credit is less than \$10,000, 100 percent of any excess credit is refundable, and for total eligible amounts \$10,000 or more, 75 percent of any excess credit up to a maximum of \$750,000 is refundable.

Act 5 of the 2016 Second Extraordinary Session changed the inventory tax credit to a nonrefundable credit for taxes paid on inventory by any manufacturer who claimed the property tax exemption under the Industrial Tax Exemption Program (ITEP) during the same year the inventory taxes were paid, and for taxes paid by any company related to such manufacturer on inventory that is related to the business of such manufacturer.

69. Milk Producers

A credit is allowed for resident taxpayers engaged in the business of producing milk for sale. The credit is allowed when the USDA Uniform Price in Federal Order Number 7 drops below the announced production price established by the Department of Agriculture and Forestry at any time during the calendar year. Qualified taxpayers are eligible for tax credits based on the production and sale of milk below the announced production price over a calendar year.

The Department of Health and Hospitals must certify to the Department of Revenue, by January 31 of the following year, which milk producers are eligible to receive the credits. Any producer not certified by the Department of Health and Hospitals will not be entitled to the credits. The credits allowed for each milk producer may not exceed \$30,000 per calendar year, and the total amount of tax credits allowed for all producers may not exceed \$2.5 million per calendar year.

The credit was reduced by Act 125 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 but before June 30, 2018, regardless of the tax year to which it relates. 70. Conversion of Vehicles to Alternative Fuel

A credit is allowed for 50 percent of the cost of the qualified clean burning motor vehicle fuel property for the taxable period in which the property is purchased and installed. If the taxpayer purchases a new motor vehicle equipped with qualified clean burning motor vehicle fuel property and is unable to or elects not to determine the exact cost attributable to the property, the taxpayer may claim a credit equal to 10 percent of the cost of the motor vehicle or \$3,000, whichever is less, provided the motor vehicle is registered in Louisiana. The purpose of this credit is to provide an incentive to persons or corporations to invest in qualified clean-burning motor vehicle fuel property.

Nothing in the current law is to be construed to authorize the credit for the cost of a purchase of, or conversion of a vehicle to, a flexible fuel vehicle that is designed to run on an alternative fuel and either petroleum gasoline or petroleum diesel if the vehicle has only a single fuel storage and delivery system and retains the capability to be propelled by petroleum gasoline or petroleum diesel.

The credit was reduced by Act 125 of the 2015 Legislative Session for tax returns filed beginning on or after July 1, 2015 but before June 30, 2018, regardless of the tax year to which it relates. If an extension was granted prior to July 1, 2015 and the return was filed by the extended due date, the credit is reduced; but one-third of the reduced portion of the credit may be claimed on the taxpayer's return for each of the taxable years beginning during calendar years 2017, 2018, and 2019. The credit allowed starting in FYE 6-16 is equal to 7.2 percent of the cost of the motor vehicle or \$1,500, whichever is less.

Child care teachers and directors will be eligible for the credit based on the level of their education if they teach in centers participating in Quality Start. As long as the center is participating in Quality Start, and therefore has at least one star, then the teachers and directors are eligible to apply for the credit. Eligible teachers and directors must meet all of the educational requirements and must have worked at least 6 months of the calendar year at the same child care center.

The credit is adjusted annually by the percentage increase in the Consumer Price Index United States city average for all urban consumers (CPI-U), as prepared by the United States Department of Labor, Bureau of Labor Statistics, as determined by the secretary of the Department of Revenue on December first of the preceding calendar year.

Liquors-Alcoholic Beverage Tax Exemptions

Liquors-Alcoholic Beverage Tax

{ Introduction }

The alcoholic beverage tax law encompasses taxation on two categories of alcoholic beverages: (a) beverages of low-alcoholic content that are defined as alcoholic beverages containing not more than six percent alcohol by volume, and (b) beverages of high-alcoholic content that are defined as alcoholic beverages containing more than six percent alcohol by volume. Act 2 of the Extraordinary Session of 1933 first imposed an alcoholic beverage tax of \$1 per 31-gallon barrel on beer, porter, ale, fruit juices and wine. Act 15 of the 1934 Regular Session imposed a tax on liquor at 50¢ per wine gallon; sparkling wines at 50¢ per wine gallon; still wines not more than 14 percent alcohol by volume at 5¢ per wine gallon; still wines between 14 percent and 24 percent alcohol by volume at 10¢ per wine gallon; still wines over 24 percent alcohol by volume at 50¢ per wine gallon; and beer at \$1.50 per 31-gallon barrel. Tax stamps were used to indicate that the appropriate taxes had been paid. A discount of five percent of the face value of the stamps purchased in lots of \$100 or more was allowed to dealers.

The tax rates of beverages of alcoholic content have changed numerous times since 1934 as shown:

Low Alcohol and Malt Beverages

1934	\$1.50	per 31-gallon barrel
1948	\$10.00	per 31-gallon barrel
2016	\$12.50	per 31-gallon barrel

Liquor

1934	\$.50	per wine gallon
1935	\$.60	per wine gallon
1938	\$1.00	per wine gallon
1940	\$1.50	per wine gallon
1956	\$1.68	per wine gallon
1970	\$2.50	per wine gallon
1978	\$.66	per liter
2016	\$.80	per liter

Sparkling Wines and Still Wines over 24% alcohol by volume

1934	\$.50	per wine gallon
1935	\$.60	per wine gallon
1938	\$1.00	per wine gallon
1940	\$1.50	per wine gallon
1956	\$1.58	per wine gallon
1978	\$.42	per liter
2016	\$.55	per liter

Still Wines not over 14% alcohol by volume

1934	\$.05	per wine gallon
1940	\$.15	per wine gallon
1942	\$.10	per wine gallon
1956	\$.11	per wine gallon
1978	\$.03	per liter
2016	\$.20	per liter

Still Wines between 14% and 24% alcohol by volume

1934	\$.10	per wine gallon
1940	\$.30	per wine gallon
1942	\$.20	per wine gallon
1956	\$.21	per wine gallon
1978	\$.06	per liter
2016	\$.35	per liter

The provisions related to the use of tax stamps for alcoholic beverages and the purchase discount were repealed in 1964 and were replaced by a six percent discount for timely filing and remitting the taxes on beverages of high alcohol content. This discount was reduced to three and one-third percent in 1972 and a two percent discount was enacted for beverages of low alcohol content. Acts 1978, No. 441 changed the measurement of liquor and wines from gallons to liters for tax purposes. The rates effectively remained unchanged as the per-gallon rates convert to the per-liter rates.

Liquors-Alcoholic Beverage Tax

{ Introduction }

Act 736 of the 1990 Regular Legislative Session enacted the Louisiana Native Wine Law. Rates for the native wines were set the same as rates for other wines. This law was repealed in 2006.

The alcoholic beverages taxes are collected from the first handlers in Louisiana, usually bonded wholesale dealers. The bond required of manufacturers or wholesalers of alcoholic beverages is a minimum of \$10,000 for each type of permit held.

During the 1998 Regular Legislative Session, Act 71 established provisions by which sparkling and still wines could be sold and shipped directly to consumers in Louisiana by a manufacturer or retailer of such beverage domiciled outside of Louisiana. Included in the statutory requirements were the stipulations that in order for the wine to be shipped into Louisiana, the applicable taxes must be paid in full, the consumer to whom the wine is being shipped must be 21 years of age or older, and that the wine was purchased for the consumer's personal consumption.

Act 808 of the 2006 Regular Legislative Session repealed the Native Wine Law, defined and established permit procedures for wine producers. Furthermore, the law made provision that wine producers can, under certain conditions, ship product directly to consumers.

4. Low alcohol 6% and under, malt beverages: \$10 per barrel; \$12.50 per barrel (effective 4/1/16)

Types of Tax Exemptions

For alcoholic beverage tax purposes, tax exemptions are exemptions, refund/credits, and discounts. Exemptions are items that were included in the tax base, but have been specifically exempted. Refund/credits are items that taxes were paid on initially, but the taxpayer has a right to request a refund or a credit. Discounts are a proportionate deduction from the gross amount reported. The tax exemptions for beer have been separated from those for liquor and wine.

There are several statutory tax exemptions that are also prohibited from taxation by federal laws. Because of these additional prohibitions, repeal of the exemption alone would not yield the fiscal effect indicated. For this reason, these exemptions have been separately grouped at the end of the section.

Significant Changes

Fiscal Year 2015-2016

2016 First Extraordinary Legislative Session

Act 7 reduces the discount to 1 ½ percent on beverages of low alcoholic content (beer) and 2 ½ percent on beverages of high alcoholic content.

Act 13 increases the tax levied on beverages of high and low alcoholic content. Effective April 1, 2016, the following excise tax is imposed: Liquor - \$0.80 per liter; Sparkling wine - \$0.55 per liter; Still wines less than 14% alcoholic volume - \$0.20 per liter; Still wines with 14-24% alcoholic volume - \$0.35 per liter; Still wines more than 24% alcoholic volume - \$0.55 per liter; Malt beverages - \$12.50 per barrel; Low alcoholic content beverages - \$12.50 per barrel.

Natural Resources Severance Tax Exemptions

Natural Resources - Severance Tax

{ Introduction }

A severance tax is levied upon all natural resources severed from the soil or water, including all forms of timber, including pulp woods, and turpentine and other forest products; minerals such as oil, gas, natural gasoline, distillate, condensate, casinghead gasoline, sulphur, salt, coal, lignite, and ores; also marble, stone, gravel, sand, shells, and other natural deposits; and the salt content in brine.

Oil and gas collections account for almost 98 percent of all severance tax collections. Because of the significant revenues generated and the fact that only one minor exemption affects the other natural resources, the focus of this section is centered on the oil and gas taxes.

The first tax, based on the severance of oil and gas, was imposed in 1910. This tax was levied as an occupational license tax at a rate of 1/5¢ per 10,000 cubic feet or 10 MCF for gas, and 2/5¢ per barrel of oil.

Act 140 of 1922 carried into effect a 1921 constitutional authority for a severance tax. There have been many changes in the tax rates since 1910, including fluctuations from a volumetric to a percentage-of-value based tax. The changes are listed below in chronological order.

1910	Oil 2/5¢ per barrel; gas 1/5¢ per 10 MCF
1912	Oil and gas; 0.5% of gross value less royalty interest
1920	Oil and gas; 2% of gross value
1922	Oil and gas; 3% of gross market value
1928	Oil 4-11¢ per barrel depending on gravity; gas 1/5¢ per MCF
1936	Gas 3/10¢ per MCF

Natural Resources - Severance Tax

{ Introduction }

Tax Base

The tax is imposed upon severance of the oil and gas from the soil or water and is paid by the natural resource owners. The state of Louisiana has over 30,000 producing oil and gas wells.

Tax Rate

The capable tax rate for oil and condensate is 12.5 percent of value and accounts for over 98 percent of the oil and condensate tax collections. There is also an incapable rate and a stripper rate for low-producing oil wells. The capable rate for gas, presently 9.8¢ per MCF, is responsible for over 99 percent of total gas tax collections. There are also reduced tax rates for low-pressure oil-well gas and incapable gas-well gas. The current severance tax rates are:

Type	Rate
Oil severance tax	
Capable rate.....	12.5% of value
R.S. 47:633(7)(a)	
Incapable rate.....	6.25% of value
R.S. 47:633(7)(b)	
Stripper rate.....	3.125% of value
R.S. 47:633(7)(c)(i)	
Condensate severance tax.....	12.5% of value
R.S. 47:633(8)	
Gas severance tax	
Capable rate.....	9.8¢ per MCF
R.S. 47:633(9)(a)	
R.S. 47:633(9)(d)(i)	
Low pressure oil-well gas rate.....	3¢ per MCF
R.S. 47:633(9)(b)	
Incapable gas-well gas rate.....	1.3¢ per MCF
R.S. 47:633(9)(c)	

Types of Tax Exemptions

Severance tax exemptions for oil, gas, and minerals are in the form of exclusions, exemptions, special rates, deductions, and suspensions. Exclusions are by statute and refer to specific categories of natural gas upon which the tax shall not accrue. Exemptions and suspensions are also statutorily mandated and exempt or suspend the tax on oil or gas severed from wells that meet certain criteria. Special rates reduce the tax on natural resources severed from wells that qualify under specified criteria. Deductions are defined as a credit against or a reduction to the taxable base.

There are two exemptions that are also prohibited from taxation by federal laws. Because of these additional prohibitions, repeal of the exemption alone would not yield the fiscal effect indicated. For this reason, these exemptions have been separately grouped at the end of the section.

Significant Changes

Fiscal Year 2015-2016

2016 Regular Legislative Session

Act 666 changes the amount at which the secretary of the Department of Revenue will resume collecting the oilfield site restoration fee from \$6 million to \$10 million. The secretary will resume collecting the fee upon receipt of a certification from the Treasurer that the Oilfield Site Restoration Fund has fallen below \$10 million and will continue to collect the fee until the balance in the fund equals or exceeds \$14 million. Effective June 17, 2016.

{ Natural Gas Exclusions }

1. Injection

An exclusion is allowed for the injection of gas into producing reservoirs. The gas injected maintains reservoir pressure and enhances the recovery of hydrocarbons. This gas will eventually be reproduced and sold, and at that time the tax will be paid. This is really more of a deferred payment than an exclusion. The purpose of this exclusion is to promote secondary recovery and repressurization programs.

3. Flared or Vented

An exclusion is allowed for gas flared or vented to the atmosphere, provided such gas is not otherwise sold. Gas is normally vented or flared when testing, waiting on sales line, or when produced in noncommercial quantities. The purpose of this exclusion is to provide financial relief to producers of natural and casinghead gas.

6. Used in the Manufacture of Carbon Black

An exclusion is allowed for gas consumed in the manufacture of carbon black in plants. The producer and seller of the gas are allowed an exclusion from the severance tax that in turn lowers the sales price. 7. Horizontal Wells

Any well drilled or recompleted horizontally from which production commences after July 31, 1994, shall have all severance tax suspended for 24 months or until payout of the well is achieved, whichever comes first. Payout of well cost shall be the cost of completing the well to the start of production. Acts 2015, No 120 amended R.S. 47:633(7) for any production commencing after July 1, 2015. The exemption is now dependent on the average oil price determined by the secretary on July 1st of each year for the ensuing 12 months. The purpose of this tax suspension is to encourage the drilling of horizontal wells.

8. Inactive Wells

Gas wells returned to service after being inactive for two or more years or having 30 days or less production for the past two years were allowed a severance tax exemption for five years. The June 30, 1996, deadline for applying for inactive status was extended to June 30, 1998, by Acts 1996, No. 16, and to June 30, 2000, by Acts 1998, No. 7. Acts 2002, No. 74 amended R.S. 47:633(7)(c)(iv) to reactivate the exemption effective for production beginning July 1, 2002, and ending June 30, 2006, and change the exemption period from five to two years. Acts 2005, No. 492 extended the time for taxpayers to apply for certification June 30, 2006, to June 30, 2010, and extended the suspension period from two to five years for any well granted inactive certification on or after January 1, 2005.

An oil well certified as a stripper well (incapable of producing an average of more than ten barrels of oil per producing day) is exempt from severance tax in any month in which the average posted price for a 30-day period is less than \$20 per barrel. Act 43 of the 1998 Regular Legislative Session amended the law to provide that the same value used as a basis to impose the severance tax under R.S. 47:633(7)(a) be used to determine the exemption for certified stripper production. The purpose of this exemption is to encourage producers to continue the operation of low-producing oil wells. 25. Louisiana Mega-Project Energy Assistance

The secretary of the Department of Economic Development may grant assistance if it is determined that the consumption of energy will be a major cost component of the operation of a mega fund project and such assistance may moderate the cost of energy thereby becoming a major factor in inducing a mega fund project to locate, expand, or remain in the state. With respect to projects for which the secretary makes a determination on or after July 1, 2015, the rebate granted to a mega-project cannot exceed 80 percent of severance taxes that were paid to the state on any natural gas consumed or used directly in the operation or consumed indirectly in the manufacture or creation of energy sold to the mega-project facility for its operation.

Petroleum Products Tax Exemptions

Petroleum Products Taxes

{ Introduction }

A tax on gasoline and motor fuels was first levied in the 1921 Louisiana Constitution at the rate of 1¢ per gallon. Special fuels were first taxed at the rate of 7¢ per gallon under a Use Fuel Tax as levied by Act 244 of 1940. This act also required fuel permits. Various amendments through the years set the rates as follows:

- 1921 Gasoline tax first levied at 1¢ per gallon
- 1924 Gasoline at 2¢ per gallon
- 1928 Gasoline at 4¢ per gallon
- 1930 Gasoline at 5¢ per gallon
- 1936 Gasoline at 7¢ per gallon
- 1940 Special fuels tax first levied at 7¢ per gallon
- 1948 Gasoline and special fuels at 9¢ per gallon
- 1952 Gasoline and special fuels at 7¢ per gallon
- 1968 Gasoline and special fuels at 8¢ per gallon
- 1984 Gasoline and special fuels at 16¢ per gallon
- 1990 Gasoline and special fuels at combined rate of 20¢ per gallon
- 2016 Special fuels (CNG and LNG) at 20¢ per gallon, LPG at 14.6¢ per gallon

Act 16 of the First Extraordinary Session of 1989 increased the total tax on gasoline, motor fuels, and special fuels to the current 20¢ per gallon, not by increasing the 16¢ per gallon rate imposed by R.S. 47:711 and R.S. 47:802, but by levying an additional 4¢ under a new part titled Transportation Infrastructure Model for Economic Development (TIMED). The money generated by this levy, which was effective January 1, 1990, was specifically dedicated. By the same legislation, the Transportation Trust Fund was created wherein the 16¢ per gallon tax collections would eventually be deposited.

Gasoline and Diesel Fuels Tax

The gasoline tax was collected from the dealer who first handles, sells, distributes, uses, or consumes the gasoline and motor fuel in Louisiana. However, Acts 2005, No. 252 enacted R.S. 47:818.1 et seq. to move the point of collection for tax on motor fuels to the terminal rack. Clear diesel fuel, as newly defined, will be subject to tax when the product leaves the terminal via the rack so that subsequent sales of the product should be of taxed fuel and any clear diesel ultimately used for a nontaxable purpose could be eligible for the refund of the fuel tax paid.

The act also changed the discounts allowed to dealers and marketers. Previously a discount was allowed to gasoline dealers for three percent of the first 1¢ of tax; gasoline jobbers were allowed three percent of the first 4¢ of tax; and special fuel suppliers were allowed three percent of net taxable gallons. Acts 2005, No. 252 allowed suppliers (refiners) to keep 1.5 percent of the tax if they timely filed and remitted the taxes and passed on one percent of the tax to the distributors (marketers). Under Acts 2015, No. 147, the discount for suppliers was reduced to 0.5 percent of the tax and .003 percent for a licensed distributor or importer.

Special Fuels Tax

Special fuels are defined as any gas or liquid, other than gasoline or diesel fuel, used or suitable for use as motor fuel in an internal combustion engine or motor to propel any form of vehicle, machine, or mechanical contrivance. Special fuels include compressed natural gas, liquefied natural gas, and liquefied petroleum gas. The tax on special fuels was paid by any person who operates a motor vehicle upon the highways that uses or is capable of using LPG or CNG. From July 1, 2006 to December 31, 2015, the tax was paid on an annual return using an annual flat rate or tax based on usage depending on the weight of the vehicle and evidenced by a decal that was issued to owner or operator of motor vehicles.

Effective January 1, 2016, Acts 2015, No. 147 repealed R.S. 47:818.101 through 104 and enacted R.S. 818.111 through R.S. 818.132 which changed the manner in which fuel tax is collected on compressed natural gas (CNG), liquefied natural gas (LNG), and liquefied petroleum gas (LPG) when used to power a motor fuel vehicle. The tax is added to the price of the fuel dispensed at the pump or from the storage container and is to be paid by the retail dealer selling the fuel as a motor fuel, or from the special fuel fleet dealer when used in fleet operations.

Fee for Inspection

To defray the expenses connected with the inspection, testing, and analyzing of petroleum products in the state, an inspection

Petroleum Products Taxes

{ Introduction }

fee of 4/32 of one cent per gallon is collected on all petroleum products distributed, sold, or offered for sale or use or consumption in the state or used or consumed in the state. The fee, to be paid by the first person handling the fuel, must be paid before delivery to agents, dealers, or consumers in the state. The fee is not collected on liquefied petroleum gas, natural gas, or bulk sale or transfers and exports out of the state are not subject to the fee. In addition, no fee is due on fuels that are eligible for tax refunds under the provisions of R.S. 47:818.15(A)(5) or that are sold for use in or distributed to seagoing vessels as defined in R.S. 3:4602.

- Beginning January 1, 2016, the special fuel tax will be collected by any person or entity upon the delivery of the fuel into the fuel supply tank of a motor vehicle.
- Previously, the tax was collected by the purchase of a decal at an annual flat rate of \$150 or a variable rate of 16¢ per gallon, but not to exceed \$150, for each vehicle operating on one of these fuels.

School buses that transport Louisiana students:

- One-half of the lesser of the regular flat rate or one-half of the variable rate.

Types of Tax Exemptions

Petroleum products tax exemptions are in the form of exemptions, refunds, and discounts. Exemptions are items that were included in the tax base, but have been specifically exempted statutorily. Refunds are a restitution of taxes paid. Discounts are a proportionate deduction from the amounts reported.

There are two statutory tax exemptions that are also prohibited from taxation by federal laws. Because of these additional prohibitions, repeal of the exemption alone would not yield the fiscal effect indicated. For this reason, these exemptions have been separately grouped at the end of the section.

Public Utilities and Carriers Tax Exemptions

Public Utilities and Carriers Taxes Inspection and Supervision Fee

{ Introduction }

The inspection and supervision fee was first imposed by Act 108 passed during the Extraordinary Session of 1921. This act established that each common carrier and public utility doing business in Louisiana and subject to the control and jurisdiction of the Public Service Commission would pay an annual fee for the inspection, control, and supervision of the business, service, and rates of such common carrier and public utility. The fee was set on a graduated scale, with a minimum annual fee established of \$10 not to exceed a maximum of \$500, to be due at the end of December. Changes to the fee and rate schedules occurred in 1928, 1935, 1962, 1970, and again in 1972 when a minimum annual fee of \$35 was established and the maximum amount eliminated.

The year 1985 brought forth two pieces of legislation. Act 182 changed the due date from December 31 to April 1; while Act 561 implemented a supplemental fee of 20 percent of the inspection and supervision fee payment on each gas, electric, and telephone public utility. Act 700 of 1986 changed the reporting period from annually to quarterly, adjusted the rates, and established the minimum amount to be paid at not less than \$12.50 quarterly, \$50 annually. The rates were adjusted again in 2007 by Act 234, which also repealed the supplemental fee and increased the minimum fee to \$20 per quarter, \$80 annually.

As a result of Section 601 of the Federal Aviation Administration Act of 1994, Act 301 of 1995 was enacted removing certain motor carriers from the jurisdiction of the Louisiana Public Service Commission thus eliminating these carriers from the imposition of the Inspection and Supervision Fee.

Act 433 increases the inspection and supervision fees for common and contract motor carriers and public utilities. Effective July 1, 2016.

Public Utilities and Carriers Taxes Transportation and Communication Utilities Tax

{ Introduction }

A tax on transportation and communication utilities was first imposed by Act 13 of the 1934 Regular Legislative Session. The tax was levied on every person owning or operating any public utility in this state. Public utilities has been defined to include railroads and railways, sleeping cars, motor bus lines, motor freight lines, express companies, boat or packet lines, and pipe lines. The basic law has remained relatively unchanged over the years with the majority of changes occurring to the definitions of the various utilities and what constitutes gross receipts for the respective utilities.

Acts 1991, No. 388 repealed the transportation and communication tax as it applied to telephone companies and at the same time the telephone companies' services became subject to sales and use tax.

Sales Tax Exemptions

Sales Tax

{ Introduction }

Louisiana sales tax was first imposed in 1936. The original sales tax was enacted as a two percent luxury sales tax. It was replaced by a one percent general sales tax that was in effect between 1938 and 1940. In 1942, a one percent war emergency tax was enacted and set to run for a two-year period. The first permanent sales tax was enacted in 1944 at a rate of one percent (R.S. 47:302); increased to two percent in 1948 (R.S. 47:302); increased to three percent in 1970 (R.S. 47:321); increased to four percent in 1984 (R.S. 47:331); and increased to a five percent rate in April 2016 (R.S. 47:321.1).

The general sales tax rate was four percent until June 30, 1988. In 1988, the legislature created the Louisiana Recovery District and authorized the District to issue bonds to be secured through the imposition of a sales tax. The one percent general sales tax imposed under R.S. 47:321 was repealed and was replaced by the one percent Recovery District tax. Due to bonding requirements, the taxes levied by the Recovery District are not affected by tax law changes subsequent to 1988. This combination of a three percent general sales tax, along with a one percent Recovery District tax remained in effect from July 1, 1988 to September 30, 1990.

In 1990, the legislature created the Louisiana Tourism Promotion District and granted it the authority to levy a tax. On October 1, 1990, the Tourism Promotion District levied a .03 percent sales tax, and on the same date the general sales tax rate imposed under R.S. 47:331 was reduced to .97 percent totalling the same overall tax rate of one percent. The tax base is the same for the Tourism Promotion District and general sales tax. On September 30, 1996, the bonds of the Recovery District were retired and the Recovery District ceased to exist. The levy of the Recovery District was replaced with a one percent general sales tax levy under R.S. 47:321.

Effective April 1, 2016, Act 26 of the First Extraordinary Session temporarily increased the state sales tax rate from four percent to five percent through June 30, 2018. For the purposes of this report, the term general sales tax is used to reference the five percent tax imposed by both the state and the Tourism Promotion District.

Exclusions and exemptions from the sales tax have existed since the first tax levy and new exclusions and exemptions have been enacted over the years. The exemptions were effective against the total sales tax base until 1986. During the 1986 Regular Legislative Session, House Concurrent Resolution 55 was enacted, which suspended the sales tax exemptions imposed under R.S. 47:331 for the period of July 1, 1986 through June 30, 1987. As a result of the suspension, traditionally exempt items were subject to a one percent sales tax. The legislature continued the one percent suspension until July 31, 1989. Effective August 1, 1989, the suspension rate was changed to three percent through December 31, 1989; two percent from January 1, 1990 through July 9, 1990; and three percent from July 10, 1990 through June 30, 1997. From July 1, 1993 to September 30, 1996, exemptions from the one percent sales tax levied by the Louisiana Recovery District were also suspended, resulting in a four percent suspension rate.

In order to extend tax relief, the Louisiana Legislature began enacting exclusions from the tax under the definitions in R.S. 47:301, rather than the exemptions under R.S. 47:305. Some of the new exclusions replaced existing exemptions that were taxable under the suspension of exemptions. This action resulted in two statutes affecting the same subject. In 1998, duplicative exemptions were repealed leaving only the exclusion as the statutory authority.

From July 1, 1997 to June 30, 2000, the suspension rate was three percent. From July 1, 2000 to June 30, 2009 the suspension rate was four percent, except for sales of non-residential electricity, water utility service, natural gas, and steam, which was subject to a suspended tax rate of 3.8 percent through December 31, 2005. For the period January 1, 2006, to June 30, 2008 sales for nonresidential purposes of natural gas for energy and electric power were subject to a suspended rate of 3.3 percent. Sales of steam and water for nonresidential use were taxed at the suspended rate of 3.8 percent. From July 1, 2008 to June 30, 2009 sales for nonresidential purposes of natural gas for energy and electric power were subject to a suspended rate of 2.3 percent. For the period July 1, 2008 through June 30, 2009, sales of steam and water for nonresidential use were taxed at the suspended rate of 2.8 percent.

In the 2009 Legislative Session, no legislation was proposed to continue the suspension of the sales tax exemptions. As a result, the exemptions found under R.S. 47:305 were now exempt from three of the four percent general sales tax. These unprotected exemptions remain subject to the permanent suspension of the one percent tax imposed under R.S. 47:321. Effective January 1, 2009, advance sales tax was repealed. As a result, all sales for resale became excluded from sales tax. Only the final sale to the consumer is now subject to the state sales tax.

Beginning April 1, 2016, Acts 25 and 26 of the First Extraordinary Session temporarily suspended most sales tax exemptions and exclusions. The partial suspension of these exemptions and exclusions will continue until June 30, 2018.

Types of Tax Exemptions

Louisiana sales tax exemptions are in the form of exclusions, exemptions, alternate reporting methods, credits, and refunds. Exclusions are items that have been excluded from the tax base by definition. Exemptions are items that were included in the tax base, but have been specifically exempted. Alternate reporting methods allow taxpayers to report and remit taxes in a manner different from the normally required procedure. Statutorily prescribed methods of taxation are items that have statutory methods to calculate the tax. Credits are situations when the taxpayer can deduct the credit amount from the tax due and pay only the net tax due. Refunds are the result of taxes paid initially, but for which the taxpayer may be reimbursed. All tax exemptions that are the result of Louisiana tax statutes are included in this report.

There are several statutory tax exemptions that are also prohibited from taxation by the state constitution, federal laws, or existing reciprocal agreements. Because of these additional prohibitions, repeal of the exemption alone would not yield the fiscal effect indicated. For this reason, these exemptions have been separately grouped at the end of the section.

Fiscal Effect

The fiscal effect shown in this budget reflects all current statutory language and is not broken down by the various levies.

Legislation to continue the suspension of most of the state sales tax exemptions through June 30, 2009, was enacted during the

Sales Tax

{ Introduction }

2004 First Extraordinary Session by Act 4. The full suspension expired on July 1, 2009 and as a result, the exemptions found under R.S. 47:305 continued to be exempt from three of the four percent general sales tax until March 31, 2016.

Act 25 of the 2016 First Extraordinary Legislative Session imposed the four percent state sales tax impositions on sales, purchases, use, leases or rental exemptions and exclusions not listed in the act for the period April 1, 2016 through June 30, 2016. Beginning July 1, 2016 through June 30, 2018, Act 25 will continue to impact sales tax exclusions and exemptions through the imposition of two percent state sales tax under R.S. 47:302. However, the manufacturing machinery and equipment exclusions (R.S. 47:301(3) (i) et. al.) and the business utilities exemptions (R.S. 47:305(D)(1) et. al.) are treated differently by Act 25.

In addition, Act 26 of the 2016 First Extraordinary Legislative Session imposed an additional state sales tax in the amount of one percent (1%). The new state sales tax is in addition to the sales taxes already levied pursuant to Louisiana R.S. 47:302, 321 and 331. Only those exclusions and exemptions listed in Act 26 are operable and in effect for the purpose of the imposition of the additional one percent sale tax. This additional state sales tax is in effect from April 1, 2016 until its expiration on June 30, 2018.

Significant Changes Fiscal Year 2015-2016

2016 First Extraordinary Legislative Session

Act 9 repeals provisions that would have reduced the tax rate on interstate and international telecommunications services from two percent to one percent. Effective April 1, 2016.

Act 15 limits the total vendors compensation for a dealer who operates one or more business locations within Louisiana to one thousand five hundred dollars per calendar month. Mandates that calculation of the deduction is to be based only on the taxes levied by R.S. 47:302, 321, 331, and R.S. 51:1286. Prohibits vendors compensation for taxes accounted for and remitted pursuant to R.S. 47:321.1 or any other sales tax levied by the state. Effective April 1, 2016.

Act 17 provides for relative to the definition of "Hotel" to include any establishment or person engaged in the business of furnishing sleeping rooms, cottages, or cabins to transient guests, where such establishment consists of sleeping rooms, cottages, or cabins at any of the following: (i) A single business location or (ii) A residential location, including but not limited to a house, apartment, condominium, camp, cabin, or other building structure used as a residence. Hotel does not include any establishment or person leasing apartments or single family dwelling on a month-to-month basis. The definition of dealer pursuant to La. R.S. 47:301(4) was also amended to include any person engaged in collecting the amount required to be paid by a transient guest as a condition of occupancy at a residential location as provided in La. R.S. 47:301(6)(a)(ii). The definition of dealer excludes persons leasing apartments or single family dwellings on a month to month basis. Effective July 1, 2016.

Act 22 defines remote dealers and requires remote dealers to file all applicable sales and use tax returns and remittances electronically. This applies to sales and use taxes levied pursuant to La. R.S. 47:302(K)(5). A vendor who qualifies as a dealer in this state as defined in La. R.S. 47:301(4) is prohibited from collecting the tax imposed under La. R.S. 47:302(K)(5) in lieu of collecting the sales and use tax imposed by a political subdivision, which is required to be remitted directly to the political subdivision. The provisions of Act 22 apply to tax periods beginning on and after April 1, 2016. Effective March 14, 2016.

Act 25 enacted R.S. 47:302(V), 321(L), and 331(S) which provide that certain state exclusions and exemptions are operative and in effect for the purposes of the imposition of state sales taxes pursuant to La. R.S. 47:301, 321, and 331. The effective date of Act 25 is April 1, 2016.

For the period beginning April 1, 2016 through July 1, 2018, certain state sales tax exemptions and exclusions will continue to be in effect with regard to the state sales tax levied pursuant to La. R.S. 47:302. For the period April 1, 2016 through July 1, 2016, only those sales tax exemptions and exclusions provided for in La. R.S. 47:321(L) will be operative and in effect purposes for the one percent (1%) tax levied pursuant to La. R.S. 47:321. For the period April 1, 2016 through July 1, 2016, only those sales tax exemptions and exclusions provided for in La. R.S. 47:331(S) will be operative and in effect purposes for the ninety-seven one hundredths of one percent (.97%) tax levied pursuant to La. R.S. 47:331 and the Louisiana Tourism Promotion District tax in the amount of three one hundredths of one percent (.03%) levied pursuant to La. R.S. 51:1286. State sales, purchases, use, leases or rental tax exemptions and exclusions not listed in Act 25 for the sale, use, consumption, lease or rental of tangible personal property and the sales of services will be subject to tax. Louisiana Revised Statute 47:331(P) provides that the exemptions for sales of steam, water, electric power, or energy, and natural gas for business utilities will be inapplicable, inoperable and of no effect for the period beginning April 1, 2016 through April 1, 2019, as it applies to the taxes levied by La. R.S. 47:331.

Louisiana Revised Statute 47:331(Q) provides that the exemption in La. R.S. 47:305.51 for utilities used by steelworks and blast

Sales Tax

furnaces shall be applicable, operable and effective for all taxable periods beginning on or after July 1, 2007 through March 31, 2016 and for all taxable periods on or after April 1, 2019. These utilities shall be subject to state sales tax levied in La. R.S. 47:331 for the period April 1, 2016 through March 31, 2019.

Act 26 enacted La. R.S. 47:321.1, which imposes an additional state sales tax in the amount of one percent (1%). This additional state sales tax is levied upon the sale at retail, the use, the consumption, the distribution and lease or rental of an item of tangible personal property and upon sale of services. The new state sales tax is in addition to the sales taxes already levied pursuant to La. R.S. 47:302, 321 and 331. This tax is to be collected by the dealer and wholesaler as provided by Chapter 2 of Title 47. The provisions of Act 26 shall become effective on April 1, 2016 and shall be inapplicable, inoperative and of no effect after June 30, 2018.

For the period April 1, 2016, sixty-five state sales, purchase, use, lease or rental tax exemptions and exclusions will continue to be operative and in effect with regard to the additional state sales tax levied pursuant to La. R.S. 47:321.1. The sales tax exclusion for the purchases, use and lease of manufacturing machinery and equipment as provided in La. R.S. 47:301(3)(i), (13)(k), and (28)(a) shall not be operative and in effect until July 1, 2016.

2016 Regular Legislative Session

Act 25 provides an extended period of time for a person separating from active military service in the U.S. armed forces to secure a Louisiana motor vehicle license registration and remit the registration tax on a vehicle with a foreign registration. The military person or their spouse will have ninety days from the date of separation from the armed services in which to obtain the Louisiana registration and pay the sales tax. Further provides that interest and penalties will not accrue during this ninety day period.

Provides that neither the extension, nor the waiver of interest and penalties shall apply when the foreign license plate or registration on the vehicle expired prior to or during the 90 day period following the service person's separation from active service. Effective May 9, 2016.

Act 443 provides that the secretary of the Department of Revenue shall promulgate rules and regulations in accordance with the Administrative Procedures Act to provide for registration with the department by dealers as defined in R.S. 47:301(4)(f)(ii), when the transactions giving rise to the dealer's obligation to collect state sales and use tax for occupancy at a residential location is facilitated through an online forum. Louisiana Revised Statute 47:301(4)(f)(ii) defines dealer to include a person engaged in collecting the amount required to be paid by a transient guest as a condition of occupancy at a residential location as provided in La. R.S. 47:301(6)(a)(ii), which is the definition of "hotel". This Act is effective July 1, 2016.

Act 569 requires certain notifications regarding use tax to be provided to purchasers of property and services sold by remote retailers. Revised Statute 47:309.1(B)(2) provides that a remote retailer means a retailer which has purposefully availed itself of the benefits of the economic markets in Louisiana, or who has any other minimum contacts with the state, and is not required to register as a dealer in Louisiana and thus is not required to collect Louisiana sales and use taxes. The remote retailer must make retail sales of tangible personal property or taxable services where the property is delivered into Louisiana or the beneficial use of the service occurs in Louisiana. The cumulative annual gross receipts for the remote retailer and its affiliates from sales of tangible personal property and services must exceed \$50,000 per calendar year.

At the time of sale, the remote retailer must notify the Louisiana purchaser that the purchase is subject to Louisiana use tax, unless specifically exempt and that the item is not exempt because it was purchased over the internet, by catalog or other remote means. The sales notice must include a statement that Louisiana law requires that the use tax liability be paid annually on the individual income tax return or through other means as may be required by administrative rule promulgated in accordance with the Administrative Procedure Act.

By January 31st of each year, a remote retailer is required to send each Louisiana purchaser who has purchased property or services from the retailer in the immediately preceding calendar year an annual notice containing the total amount paid by the purchaser for purchases in the preceding calendar year. If available, the notice shall include a listing of dates and amount of purchases and whether the property itself is exempt or not, if the retailers has this information. The annual notice shall disclose the name of the retailer and shall state that Louisiana use tax may be due upon the purchases made from the retailers and that the use tax must be paid either on the individual's income tax return or through other means. This notice must be sent via first class mail, certified mail, or electronically at the purchaser's choice. The notice cannot be included with any other shipment or mailing from the retailer. The envelope in which the notice is sent shall include the words "IMPORTANT TAX DOCUMENT ENCLOSED".

By March 1st of each year, a remote retailer who has made retail sales of tangible personal property or taxable services to Louisiana purchasers in the preceding calendar year shall file an annual statement for each purchaser with the department. The annual statement must include the total amount paid by the purchaser to that retailer in the preceding calendar year. The statement shall not contain detail as to the specific property or services purchased but it will include the total amount paid. The statement shall

{ Introduction }

be submitted on forms to be developed and provided by the secretary. The secretary is authorized to require the electronic filing of statements by a remote retailer who had sales in Louisiana in excess of \$100,000 in the immediately preceding calendar year.

The Secretary may by subpoena, compel witnesses and the production of documents for purposes of enforcement of the requirements relative to the required notices and annual statements concerning taxable transactions occurring in Louisiana involving a remote retailer. The Secretary may request that the subpoena be enforced by court order. Any dealer or remote retailer selling property or services to a Louisiana resident is considered to have consented to the jurisdiction of the courts of Louisiana and the Board of Tax Appeals. This Act shall become effective July 1, 2017.

2016 Second Extraordinary Legislative Session

Act 3 provides that sale at retail does not include the sale of materials for further processing into articles of tangible personal property when all of the following criteria are met:

1. The raw materials become a recognizable and identifiable component of the end product.
2. The raw materials are beneficial to the end product.
3. The raw materials are materials or further processing and as such, are purchased for the purpose of inclusion into the end product.

The term “sale at retail” shall not include the purchase of raw materials for the production of raw or processed agricultural, silvicultural, or aquacultural products. If the materials are further processed into a byproduct for sale, such purchases shall not be deemed to be sales for further processing and shall be taxable. The term “byproduct” shall mean any incidental product that is sold for a sales price less than the cost of the materials. In the event, a byproduct is sold at retail in Louisiana for which a sales and use tax has been paid by the seller on the cost of the materials, which materials are used partially or fully in the manufacturing of the byproduct, a credit against the tax paid by the seller shall be allowed in an amount equal to the sales tax collected and remitted by the seller on the taxable retail sale of the by the byproduct. The Act is intended to clarify and be interpretative of the original intent of R.S. 47:301(10)(c)(i)(aa). The provisions of the Act are retroactive and applicable to all refund claims submitted or assessments of additional taxes due which are filed on or after the effective date of this Act. The Act is not applicable to any existing claim for refund filed or assessment of additional taxes due issued prior to the effective date of this Act for any tax period prior to July 1, 2016, which is not barred by prescription. Effective date is June 23, 2016.

Act 6 requires dealers to provide an annual reporting of the annual gross sales of tangible personal property and services, which are subject to a state sales tax exclusion or exemption for the sales of room rentals under R.S. 47:301(6)(b), room rentals by a homeless shelter under R.S. 47:301(6)(c); sales by a nonprofit entity which sells donated goods under R.S. 47:301(8)(f); sales by a youth organization chartered by Congress under R.S. 47:301(10)(h); sales by parochial or private elementary and secondary schools complying with the Dodd Brumfield court order and IRC Section 501(c)(3) under R.S. 47:301(18)(e); sales of admissions to athletic and entertainment events by elementary and secondary schools under R.S. 47:301(14)(b)(i); sales of meals by an educational or medical organization under R.S. 47:301(D)(2); sales of admissions to entertainment events by little theater organizations under R.S. 47:305.6; sales of admissions to musical performances by nonprofit organizations under R.S. 47:305.7; sales of admissions to entertainment events sponsored by a domestic nonprofit charitable or educational organization under R.S. 47:305.13; sales to admissions, parking fees charged at and tangible personal property sold at events sponsored by a nonprofit organization under R.S. 47:305.14(A)(1); and sales of admissions to and parking fees charged at fairs and festivals sponsored by a nonprofit organization under R.S. 47:305.18. This annual statement must be submitted electronically to the Department by September 30th. These annual reporting requirements do not apply to nonprofit entities and their affiliates which have been granted an exemption from federal income tax pursuant to 501(c)(3) of the Internal Revenue Code. Effective July 1, 2016.

Act 12 provides for sales tax exemptions and exclusions to be operable and in effect for purposes of R.S. 47:302 and 321.1 beginning July 1, 2016. Under the provisions of R.S. 47:302(AA), the following sales tax exclusions and exemptions are now also effective:

- (1) Sales of room rentals by a camp or retreat facility owned by a nonprofit organization as provided in R.S. 47:301(6)(b).
- (2) Sales of room rentals by a homeless shelter as provided in R.S. 47:301(6)(c).
- (3) Sales, leases, and rentals of tangible personal property and sales of services necessary to operate free hospitals as provided in R.S. 47:301(7)(e), (10)(p), and (18)(c).
- (4) Sales, leases, or rentals of tangible personal property to Boys State of Louisiana, Inc. and Girls State of Louisiana, Inc. as provided in R.S. 47:301(7)(g) and (10)(r).

{ Exclusions }

1. Purchases by Pari-Mutuel Horse Racetracks

This exclusion allows racetracks licensed by the Racing Commission to make purchases of tangible personal property, services, and leases and rentals without the payment of sales or use tax. The state imposes certain license fees, commissions, and taxes on racetracks and horse racing. The purpose of this exclusion is to remove the liability for sales tax in lieu of the special taxes imposed on licensed racetracks.

2. Purchases by Off-Track Wagering Facilities

This exclusion allows off-track wagering facilities licensed by the Racing Commission to make purchases of tangible personal property, services, leases, and rentals without the payment of sales or use tax. The state imposes certain license fees, commissions, and taxes on the racetracks and horse racing. The purpose of this exclusion is to remove the liability for sales tax in lieu of the special taxes imposed on the licensed off-track wagering facilities and to extend the exclusion enjoyed by pari-mutuel racetracks to these off-track wagering facilities.

4. Purchases, Services and Rentals by a Private Company Working for Local Authority on Construction or Operation of Sewerage or Wastewater Treatment Facilities

The provision allows a private company with a contract to construct or operate a sewerage or wastewater treatment facility for a local governmental authority to be entitled to the same exclusions and exemptions as the governmental authority. The governmental entity has an exclusion for the purchase of tangible personal property and services and the rental/lease of tangible personal property under R.S. 47:301(8)(c). The purpose of this exclusion is to provide financial assistance to local governments through lower contract cost.

This exclusion allows labor charges that are separately stated on invoices of repairs performed outside of Louisiana to be excluded from the cost price basis subject to sales/use tax. Only the cost price of any parts and/or materials used in the performance of the repair will be subject to sales/use tax. However, if the labor charges are not separately stated on the invoice, the entire charge for the out-of-state repair becomes subject to state sales/use tax. The purpose of this exclusion is to reduce the amount of out-of-state repair labor costs subject to state sales/use tax.

10. Manufacturers Rebates Paid Directly to a Dealer

This exclusion allows any payments made directly between the manufacturer and a third-party dealer (not the manufacturer's customer) for the manufacturer's product for the specific purpose of reducing the sales price and which actually reduces the price as stated to the consumer for the tangible personal property to be free of sales tax. The actual sales price to be paid directly by the consumer will be subject to sales tax. Manufacturers coupons used by the consumer as part payment of the "sales price" at the time of purchase and redeemed by the dealer will remain taxable. This exclusion excludes this payment from the definition of "cost price" and "sales price." The purpose of this exclusion is to clearly identify the taxable sales price being paid for tangible personal property by the consumer at the time the property is purchased.

12. Purchases of Manufacturing Machinery and Equipment

This exclusion allows manufacturing machinery and equipment to be purchased free from the state sales, use, lease, and rental tax by eligible manufacturers. The term “manufacturer” is defined as a person whose principal activity is manufacturing, and who is assigned by the Louisiana Workforce Commission a North American Industry Classification code within the agricultural, forestry, fishing, and hunting Sector 11 or manufacturing Sectors 31-33, as they existed in 2002. Acts 2005, No. 471 expanded the definition of manufacturer to include those who would be assigned a NAICS code within Sector 11 or 31-33 but are not required to register with the Louisiana Workforce Commission for unemployment insurance and therefore do not receive such assignment. This same act also enacted a provision that allows machinery and equipment used by an industrial manufacturing plant to generate electric power for self consumption or cogeneration to be included in the definition of “machinery and equipment” for purposes of the sales tax exclusions for manufacturing and agricultural machinery and equipment. To qualify for the exclusion, the machinery and equipment must be used by the manufacturer in a plant facility and be used predominantly and directly in the actual manufacturing process. Acts 2007, No. 429 further expanded the definition of manufacturer to include certain recyclable material merchant wholesalers.

21. Certain Educational Materials and Equipment Used for Classroom Instruction

This exclusion allows approved parochial and private elementary and secondary schools that comply with the court order from the Dodd Brumfield decision and Section 501(c)(3) of the Internal Revenue Code to rent/lease or purchase specific materials and equipment for classroom instruction free of sales tax. The materials and equipment are limited to books, workbooks, computers, computer software, films, videos, and audio tapes. These items must be used for classroom instruction only. This statute also excludes the sales of tangible personal property by the approved school from the sales tax, when the proceeds of such sales are used solely and exclusively to support the school. This exclusion for sales does not allow tax-free sales to students or their families by promoters or regular dealers through the use of the school name or facilities. The purpose of this exclusion is to allow financial relief to qualifying schools for classroom materials and equipment and to assist in fundraising.

86. Advertising Services

This exclusion allows advertising services by an advertising agency to be free from state and local sales or use tax. This exclusion applies to advertising services and to tangible personal property sold if advertising services constitute a major part of the tangible personal property produced. It does not apply to the transfer of mass-produced advertising items by an advertising business that involves furnishing minimal services by the advertising business. Pure advertising services were never considered to be taxable. The purpose of this exclusion was to clarify the taxability of advertising services and the property transferred to clients.

180. Cash-Basis Reporting Procedure for Rental and Lease Transactions

This alternative method of tax payment allows lessors of tangible personal property to report and remit sales tax due after payment is collected rather than in the period that the rental or lease occurred. The purpose of this alternate-reporting method is to relieve lessors from the taxes on unpaid rental fees. This method of tax payment allows the lessors to avoid the loss of sales taxes remitted on transactions that ultimately become bad debts.

181. Collection from Interstate and Foreign Transportation Dealers

This alternative method of tax payment allows transportation companies operating in interstate and foreign transportation of passengers or property to remit taxes based upon the percentage of Louisiana miles to total miles. Per Acts, 2005 No. 126, "Louisiana mileage" shall not include mileage in Louisiana that is a segment or part of a stream of trade, traffic, transportation, or movement of passengers or property between a point in this state and a point located offshore beyond the territorial limits of any state. The Act also provides that a unit of transportation measurement other than mileage may be used if appropriate based on industry custom and type of transportation. Those transportation dealers registered under R.S. 47:306.1 on June 22, 2005, and who provide transportation between points in Louisiana and points offshore outside the territorial limits of any state during the sales and use tax period immediately preceding June 22, 2005 are deemed to have elected to report under these statutes and shall begin reporting in accordance with them in lieu of R.S. 47:306.1 unless the taxpayer notifies the secretary to the contrary.

182. Extended Time to Register Mobile Homes

This provision allows purchasers of mobile homes, as defined by R.S. 9:1149.2(3), to extend the time to apply for a certificate of title from five days after delivery to the 20th day of the month following the month of delivery of the home. This allows between 20 to 50 days to apply for a title. If a mobile home is immobilized prior to registration, the mobile home is not subject to sales tax. The purpose of this provision is to allow purchasers of mobile homes more time to immobilize the mobile home. However, beginning 1/1/2010, new legislation eliminates the ability of manufactured home purchasers to avoid paying tax through an act of immobilization.

183. “Sales or Cost Price” of Refinery Gas

These exclusions define the valuation of refinery gas, except feedstock, either sold or produced. This value is determined for each calendar year. Sales of such property are subject to tax under R.S. 47:301(13)(d) and the use of such property by the producer is subject to the tax under R.S. 47:301(3)(f). The price of refinery gas shall be the maximum of 52¢ per MCF multiplied by a fraction the numerator of which shall be the posted price for a barrel of West Texas Intermediate Crude Oil on December 1 of the preceding calendar year and the denominator of which shall be \$29. This valuation applies to both state and local governments. The valuation for calendar year 2015 is \$1.237 and for calendar year 2016 is \$0.728.. This valuation is identical to the valuation originally set under R.S. 47:305(D)(1)(h) (See Number 106, Sales Tax Section).

185. Leases or Rentals of Railroad Rolling Stock & Leases or Rentals by Railway Companies & Railroad Corporations

This alternate-reporting method removes lessors/rentors of railroad rolling stock from the requirement to charge the lease/rental tax to their lessees. This alternate-reporting method still requires lessees/rentees, with the exception of railway companies or railroad corporations, to self-assess the lease/rental tax and remit the tax directly to the state. The purposes of this method are to relieve the lessors/rentors of railroad rolling stock from the burden of collecting the rental tax on rolling stock and to provide relief to railway companies and railroad corporations from the lease/rental tax.

Tax Incentives and Exemption Contracts

Tax Incentives and Exemption Contracts

{ Introduction }

The Department of Economic Development (LED) administers various tax exemptions and incentive programs for the benefit of qualifying businesses. The State Board of Commerce and Industry is responsible for reviewing and approving or disapproving applications for many of the tax incentive programs administered by the LED.

Depending on the legislative intent, businesses must meet specific criteria to be eligible for the various tax exemption and incentives and once approved, must continue to comply with the program guidelines to maintain eligibility. The purpose of these tax exemption and incentive contracts is to encourage specific economic development.

Types of Tax Exemptions

Tax exemptions can be in the form of sales and use tax rebates and exemptions, rebates and credits for income taxes, corporation franchise tax, and other taxes imposed by the state.

Significant Changes

Fiscal Year 2015-2016

2016 First Extraordinary Legislative Session

Act 18 caps the amount of the rebate of sales and use taxes and the investment income tax credit available under the Enterprise Zone Program at \$100,000 per net new job created. Each net new job can only be counted once. For projects with an advance notification form filed on or after April 1, 2016, the amount of the credit will be \$1,000 per net new employee, unless either the net new employee for which the credit is claimed was receiving Supplemental Nutrition Assistance Program (SNAP), Women, Infants, and Children (WIC), Medicaid, unemployment benefits, or any other benefits from a similar public assistance program during the six month period prior to employment or the net new employee is hired by a participating business located in an enterprise zone. The amount of the credit will be \$3,500 for each new employee meeting the above qualifications. Effective March 10, 2016.

Act 23 changes the ordering of the application of tax credits and requires that refundable credits, other than the credit provided for in R.S. 47:6006, be applied before all other credits and payments of tax except for nonrefundable credits with no carry forward which will be applied first. Further provides that credits be applied against income tax first before being applied against franchise tax. Finally, provides that transferable credits with an effective date of transfer, as reflected in the Tax Credit Registry pursuant to R.S. 47:1524, on or before the due date of the tax return, without regard to extensions, may be claimed on the return while transferable credits with an effective date of transfer after the due date of the return, without regard to extensions, may be used as a payment. Effective March 10, 2016 and applicable to taxable periods beginning on or after January 1, 2016.

Act 29 extends the sunset of reductions to certain rebate programs made in Act No. 126 of the 2015 Regular Session through the sunset date of the provisions of the Act that originated as House Bill No. 62 of the 2016 First Extraordinary Session of the Legislature of Louisiana. Effective April 1, 2016.

2016 Regular Legislative Session

Act 663 provides for the option of either a sales and use tax rebate for the purchases of materials used in the construction, addition or improvement of a building used to house the business or its equipment or a project facility expense rebate equal to 1.5 percent of the qualified capital expenditures for the facility when participating in the Louisiana Quality Jobs Program. Also, extends the termination date of the program to July 1, 2018. Effective July 1, 2016.

Act 664 provides for the option of a sales and use tax rebate for the purchases of materials used in the construction, addition or improvement of a building used to house the business or its equipment when participating in the Competitive Projects Payroll Incentive Program. Also, extends the termination date of the program to July 1, 2018. Effective July 1, 2016.

HCR 54 provides for the legislative intent regarding the definition of a “broker” as provided in Act No. 451 of the 2015 Regular Session relative to the public registry of motion picture investor tax credit brokers. Provides that the term “broker” shall mean those persons who facilitate the sale of a tax credit issued pursuant to R.S. 47:6007 between a transferor and transferee in exchange for consideration. Further, the HCR provides that the term “broker” shall not include a tax return preparer, or an employee of or partner affiliated with the tax return preparer, who facilitates the sale of tax credits for the benefit of his or her client.

Tax Incentives and Exemption Contracts

1. Atchafalaya Trace Heritage Area Development Zone Tax Exemption

This program is directed at small businesses that make use of the natural, cultural and historic assets of the Heritage Area.

The Board of Commerce and Industry, after receiving approval from the review board consisting of the secretary of the Department of Revenue, secretary of Culture, Recreation and Tourism, chairman of the Atchafalaya Trace Heritage Area Commission, chairman of the House Committee on Ways and Means, chairman of the Senate Revenue and Fiscal Affairs Committee, the executive director of the Atchafalaya Trace Commission, and with the approval of the governor, may enter into contracts with heritage-based cottage industry concerns located in the development zone to grant tax credits to promote economic development and the creation of new jobs.

Qualifications

- The business must be located in heritage area development zone that covers the 13 parishes of Assumption, Avoyelles, Concordia, East Baton Rouge, Iberia, Iberville, Lafayette, Pointe Coupee, St. Landry, St. Martin, St. Mary, Terrebonne, and West Baton Rouge.
- The owner of the business must be a resident of the Heritage Area development zone.
- The business must make sustainable use of the cultural or natural heritage of the Heritage Area for purposes which include interpreting, accessing, developing, promoting, or reinforcing the unique character and characteristics of the heritage area.

Tax Credit

The tax credits that may be granted are:

- a \$1,500 credit for the business; and
- a \$1,500 credit for each net new hires of one full-time or two part-time employee for a position that did not previously exist, and new employee must have been resident of the Heritage Area for at least 30 days prior to employment.
- Both credits were reduced by Act 125 of the 2015 Legislative Session to \$1,200.

The credits can be claimed against individual income tax or corporation income or franchise taxes and the tax credit contracts are for five years.

2. Brownfields Investor Tax Credit

The purpose of the brownfields investor tax credit is to stimulate environmental economic development in Louisiana by encouraging the cleanup, redevelopment, and productive reuse of brownfields sites in the state. A brownfields site is an identified area in the state for which the expansion, redevelopment, or reuse may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant.

Application and Approval

- Applications for the brownfields investor tax credits for remedial investigations and remediation actions must be jointly submitted to LED and the Department of Environmental Quality (DEQ).
- Upon receipt of the application, DEQ will issue a site specific identification number, which will be forwarded to LED and the Board of Commerce and Industry.
- Within 30 days of receipt of the application, DEQ will file any objections with the LED.
- The Board of Commerce and Industry will then make its recommendations to the governor for a final determination of the request for the tax credit.
- After approval by the governor, the applicant may proceed with the voluntary remedial investigation with DEQ's oversight.
- After a satisfactory demonstration that the voluntary remedial investigation is complete, DEQ will approve the remedial investigation report and issue a certificate of completion to the taxpayer-applicant and forward it to the LED secretary, the Board of Commerce and Industry, and the secretary of the Department of Revenue.
- The certificate of completion will entitle the taxpayer to the 15 percent investigation tax credit.
- After approval by the governor of a voluntary remediation tax credit application, the applicant may proceed with his voluntary remediation action.

2. Brownfields Investor Tax Credit (continued)

- After satisfactory demonstration that the voluntary remedial action has been accomplished and DEQ approves the voluntary remediation action report, DEQ will issue a certificate of completion to the taxpayer-applicant and shall forward a copy to the LED secretary and the secretary of the Department of Revenue.

Investor Tax Credit

Taxpayers are allowed a credit against state income tax for the investment in a voluntary remediation action or a voluntary remedial investigation as follows:

- 15 percent of the total investment on the certified completion date of a voluntary remedial investigation at a state-certified site.
- 25 percent of the total investment on the certified completion date of a voluntary remediation action at a state-certified site.
- Tax credits may never exceed the total investment in the site.

Provisions effective for all taxable periods beginning on or after January 1, 2008.

Acts 2007, No. 392 amends 47:6021 as follows:

- 15 percent of the total investment made in a voluntary remedial investigation at a state-certified site.
- 50 percent of the total investment made in a voluntary remediation action at a state-certified site.

The Act also makes the brownfields tax credit transferable and provides that no credit will be allowed for any expenditures for which a taxpayer receives a credit, rebate, or other tax incentive granted by the state under any other provision of law.

Application of Tax Credits

- All entities taxed as corporations for state tax purposes must claim credit on their corporation income and franchise tax return.
- Individuals must claim credit on their individual income tax return.
- Estates or trusts must claim credit on their fiduciary income tax returns.

Tax Incentives and Exemption Contracts

2. Brownfields Investor Tax Credit (continued)

- Entities not taxed as corporations must claim credit on the partner's tax returns

Credit may be taken against the income tax for the taxable period in which the credit is earned and if the tax credit exceeds the amount of taxes due, any unused credit may be carried forward for ten years.

Recapture of Credits

- If the secretaries of DEQ or the Department of Revenue find that funds for which a taxpayer received credits are not invested in and expended with respect to a state-certified assessment or remediation then the investor's state income tax for the taxable period will be increased by the amount necessary for the recapture of credit.
- Taxpayer applying for the credit will be required to reimburse DEQ for audits or recapture of credits.
- Credits previously granted to a taxpayer may be recovered by the secretary of the Department of Revenue through any collection remedy authorized by R.S. 47:1561.
- The only interest that may be assessed and collected on recovered credits is interest at a rate three percentage points above the rate provided in R.S. 9:3500(B)(1), which shall be computed from the original due date of the return on which the credit was taken.

Ineligible Participants

No corporation or partnership including any company owned, affiliated, or controlled, in whole or in part, by any company or person that is a responsible person or is in default on a loan made by the state or a loan guaranteed by the state, or any company or person who has ever declared bankruptcy under which an obligation of the company or person to pay or repay public funds or monies was discharged as a part of such bankruptcy will be eligible to receive this tax incentive.

5. Ports of Louisiana Tax Credits

The purpose of these credits is to encourage private investment in and the use of state port facilities in Louisiana. Because public funding sources for ports and port infrastructure facilities have not kept pace with the need to expand our ports and port facilities, it is determined that private investment and public-private partnerships should be encouraged as a means to assist the state in financing improvements to our state ports and port infrastructure facilities. The credits are as follows:

1. Ports of Louisiana Investor tax credit for the total capital costs of a qualifying project
 - LED will issue a credit for a qualifying project if the commissioner of administration, after approval of the Joint Legislative Committee on the Budget, and the state bond commission certifies to LED securing the project will result in a significant positive economic benefit to the state.
 - After certification from the commission, LED may grant a tax credit up to the total capital costs of a qualifying project to be taken at up to five percent per tax year or shall grant such other amount of tax credit to be taken at such other percentage which is warranted by the significant positive economic benefit determined by the commissioner, but no tax credit granted for a qualifying project shall exceed \$2.5 million per tax year; however, the total amount of credits granted on a qualifying project cannot exceed the total cost of the project. In addition, the Investor Tax Credits granted by the department to any recipient pursuant to this Section shall be limited to an amount which shall not result in a reduction of tax liability by all recipients of such credits to exceed \$6.25 million in any fiscal year.
 - Investors earn the credit at the time expenditures are made, but no credits can be applied against a tax liability until July 1, 2014 and not until the project is approved by and LED certifies cost expenditures. LED will certify capital cost expenditures no less than twice during the duration of the qualifying project unless the investing company agrees, in writing, to reimburse the LED for the costs of any additional certifications.
 - Prior to issuance of any tax credit, a cooperative endeavor agreement shall be fully executed between the investing company or entity proposing the qualifying project and the public port in whose geographic jurisdiction the proposed qualifying project is to be located indicating cooperation and support among all of the parties.

5. Ports of Louisiana Tax Credits

(continued)

- Unused credits may be carried forward as a credit against subsequent tax liability for a period not to exceed ten years.
2. Ports of Louisiana Import Export Cargo credit
- Taxpayers must apply to and receive certification from LED
 - Taxpayers eligible for certification include those international business entities which provide to the department a verified statement of cargo volume data for the calendar year prior to the year of the application, specifically including the total annual volume and tons of breakbulk or containerized cargo imported and exported from or to, manufacturing, fabrication, assembly, distribution, processing, or warehousing facilities located in Louisiana.
 - An applicant whose exports and imports are limited to bulk commodities does not qualify.
 - LED will provide a statement of certification to each taxpayer that is certified for the credit after approval of the Joint Legislative Committee on the Budget and the state bond commission. The certification, which is also sent to LDR, will contain the taxable year or years for which the taxpayer is allowed the credit and the amount of tax credit allocated for such taxable year or years.
 - The credit is equal to the product of multiplying five dollars by the taxpayer's number of tons of qualified cargo for the taxable year which exceeds the pre-certification tonnage or the product of multiplying the number of dollars by the taxpayer's number of tons of qualified cargo for the taxable year or portion of a taxable year which exceeds the pre-certification tonnage which is warranted by the significant positive economic benefit determined by the commissioner, whichever is less. In addition, the Import-Export Cargo Credits granted by the department to any recipient shall be limited to an amount which shall not result in a reduction of tax liability by all recipients of such credits to exceed six million two hundred fifty thousand dollars in any fiscal year.
 - Credits will be allowed if the commissioner of administration certifies to LED that the increased utilization of public port facilities and other activity in Louisiana associated with the import or export of the international business entities qualified cargo will result in a positive economic benefit to the

6. Motion Picture Investor Tax Credit

The purpose of the tax credit is to encourage development in Louisiana of a strong capital base for motion picture production in order to achieve an independent, self-supporting industry.

Louisiana's Motion Picture Investor Tax Credit provides motion picture productions up to a 30% transferable tax credit on total qualified in-state production expenditures, including resident and non-resident labor. The program offers additional credits for productions using in-state labor, Louisiana music and productions based upon a Louisiana screenplay.

- Provides up to a 40% transferable tax credit.
- \$50,000 threshold for local Louisiana productions meeting certain qualifications.
- \$300,000 minimum in-state expenditure requirement.
- For fiscal years 2016-2018 the maximum amount of credits that can be claimed per fiscal year is \$180 million.
- Tax credits may be used to offset personal or corporate income tax liability in Louisiana.
- Tax credits may be transferred to Louisiana taxpayers.
- Tax credits may be transferred back to the State for 85% of face value; however, the state did not accept transfers between July 1, 2015 and June 30, 2016.

Application of the Credit

- Individuals, estates, and trusts will claim the credit on their individual income tax return.
- Entities taxed as corporations will claim the credit on their corporation income tax return.
- Entities not taxed as corporations will claim the credit on the returns of the partners or members.

Transferability of the Credit

- Any motion picture tax credits not previously claimed by any taxpayer against its income tax may be transferred or sold to another Louisiana taxpayer or to the state.
- For projects receiving initial certification on and after July 1, 2009, the investor who earned the motion picture investor tax credits may transfer the credits to the state for 85 percent of the face value of the credits.
- The transferee will apply the credits in the same manner and against the same taxes as the taxpayer originally awarded the credit.

7. Research and Development Tax Credit

The purpose of the research and development tax credit is to encourage new and continuing efforts to conduct research and development activities within this state.

The Louisiana Research and Development Program provides up to a 40% tax credit on qualified research expenditures incurred in Louisiana. The Tax Credit Incentive is open to companies who have incurred research and development expenditures in Louisiana and who meet certain requirements. The program is open to companies who have incurred research and development expenditures in Louisiana and who meet certain requirements.

Louisiana has three different types of research and development applicants who earn credits at different rates and have different filing requirements:

- Increase in Louisiana Research and Development (50+ employees)
- Small Business Innovation Research Grant (SBIR/STTR)
- Less than 50 Employees

The following types of businesses that do not have a pending or issued United States patent directly related to the qualified research expenditures for which a credit is being claimed pursuant to La. R.S. 47:6015 are ineligible to apply for or receive benefits unless specifically invited by the secretary of the department to do so:

- a. professional services firms as defined by departmental rule,
- b. businesses primarily engaged in custom manufacturing and custom fabricating as defined by departmental rule.

Sale of Unused Tax Credits

For expenditures made in 2003 through 2008, taxpayers who are awarded tax credits in excess of their tax liabilities for a given year may elect to sell their unused tax credits to taxpayers with a Louisiana tax liability provided all of the following criteria are met:

Application of Tax Credits

1. The unused credits are sold for a minimum of 75 percent of the value of the tax benefits.
2. The taxpayer seeking to sell the unused credits belongs to one of the traditional or seed clusters as defined by LED.
3. The taxpayer seeking to sell the unused credit employs no more than 225 employees, of which 75 percent must be Louisiana citizens.

7. Research and Development Tax Credit (continued)

4. The sale of the tax credit must be approved by LED.
5. The purchaser of unused credits must apply the credits in the same manner and against the same taxes as the taxpayer originally awarded the credit.
 - All entities taxed as corporations for state tax purposes must claim credit on their corporation income and franchise tax return.
 - Individuals must claim credit on their individual income tax return.
 - Estates or trusts must claim credit on their fiduciary income tax returns.
 - Entities not taxed as corporations must claim credit on the partner's tax returns.

8. Digital Interactive Media and Software Tax Credit

The purpose of the tax credit is to encourage development of a strong capital base for the production of digital interactive media in order to achieve a more independent, self-supporting industry.

Louisiana's Digital Media and Software Tax Credit provides up to a 35 percent refundable tax credit for in-state labor, coupled with up to a 25 percent refundable credit for eligible production expenses.

- No cap and no minimum requirement.
- The tax credit is available for a refund of 100% of its value claimed on Louisiana state tax return OR certified applicants can receive 85% of the value earned as a rebate any time during the year.

Application of Tax Credits

- All entities taxed as corporations for state tax purposes must claim credit on their corporation income and franchise tax return.
- Individuals must claim credit on their individual income tax return.
- Entities not taxed as corporations must claim credit on the partner's tax returns.

The tax credit will be allowed against the taxpayer's income tax due for the taxable period in which the credit is earned and the immediately preceding period.

If the tax credit exceeds the amount of taxes due, any unused credit may be carried forward as a credit against subsequent tax liability for a period not to exceed ten years.

The amount of the tax credit may not exceed the amount of taxes due for the taxable period.

Transferability of the Credit

For tax credits earned for expenditures made on or before December 31, 2011, any tax credits allocated to a person and not previously claimed by any taxpayer against his income tax may be transferred or sold to another person, subject to the following conditions:

- A single transfer or sale may involve one or more transferees.
- Transferrers and transferees must submit notification of any transfer or sale of tax credits to LED and LDR within 30 days after the transfer or sale of the tax credits.
- Failure to comply with the transfer requirements will result in the disallowance of the tax credit until the taxpayers are in full compliance.

10. Louisiana Capital Companies Tax Credit Program

The purpose of the Louisiana Capital Companies Tax Credit Program is to provide assistance in the formation and expansion of new businesses that create jobs in the state by providing for the availability of venture capital financing to entrepreneurs, managers, inventors, and other individuals for the development and operation of qualified Louisiana businesses.

Program Administration

- LED is responsible for maintaining and interpreting program policy.
- The Office of Financial Institutions (OFI) is responsible for performing the program's regulatory and examination functions.

Certification of a Capital Company

- Companies desiring certification as a Louisiana Capital Company must apply to the OFI Commissioner.
- The capitalization must be at least \$200,000.
- Within 60 days of application, the OFI commissioner will issue the certification and notify the Department of Revenue and the commissioner of insurance of the certification or refuse the certification and notify the applicant the grounds for the refusal.
- The OFI commissioner must furnish a list of persons or businesses who may claim the tax credit to the Department of Revenue and the commissioner of insurance quarterly.

Income Tax Credit or Premium Tax Reduction

- Any person who invests in the certified capital of a certified Louisiana capital company may claim either an insurance premium tax reduction or an income tax credit in the taxable year in which the investment is made.
- The income tax credit is 35 percent of the capital investment.
 1. The total income tax credits granted to all taxpayers are limited to \$2 million per calendar year.
 2. If the total credits requested exceed \$2 million during any calendar year, the tax credits will be allocated among certified Louisiana capital company groups.

10. Louisiana Capital Companies Tax Credit Program *(continued)*

- Insurance premium tax reductions are allowed as follows:
 1. For tax reduction credits granted to investors prior to January 1, 2001, the tax reduction will be applied to the premium tax liability not to exceed ten percent of the premium tax reduction in any one year until one hundred percent of the premium tax reduction has been claimed by the insurer; or
 2. For tax reduction credits granted to investors after January 1, 2001, the tax reduction will not be applied to any premium tax liability generated within two years from the date of investment and will be applied to the premium tax liability not to exceed 12 percent of the premium tax reduction in any one year until one hundred percent of the premium tax reduction has been claimed by the insurer;
 3. The tax reduction credits may not exceed the premium tax liability in any taxable year.
 4. If a holder of premium tax reduction credits does not use credits that are generated after December 31, 1999, and which are eligible to be used in a given calendar year, those premium tax reduction credits may be carried forward and used in any subsequent year until such credits are exhausted; provided, the reduction in any taxable year shall not exceed the premium tax liability for the taxable year.
 5. Tax reduction credits are not allowed for investments made after December 31, 2003.
 6. The total insurance premium tax credits granted in any calendar year may not result in an additional reduction of total premium tax revenues greater than \$5 million.
 7. If the total requests for premium tax credits exceed the \$5 million maximum amount, the premium tax credits will be allocated to the certified Louisiana capital company groups.

Tax Incentives and Exemption Contracts

10. Louisiana Capital Companies Tax Credit Program *(continued)*

Transfer of Tax Credits

- LED will provide for the transfer or sale of premium and income tax credits.
- The transfer or sale of income or premium tax credits will be restricted to transfers or sales between affiliates and sophisticated investors.
- No acquirer of tax credits will be able to use any premium tax credit earned after July 1, 2002, until at least the second anniversary of the investment date of the investment pool from which the premium tax credits were earned.
- Even though a transfer or sale of credits may involve several entities, only one election may be made during any calendar quarter.
- An investor in a certified Louisiana capital company may only transfer or sell credits once during a calendar quarter and the entity that purchases the credit may not transfer credits obtained during the quarter in which the credits are transferred or purchased.
- In any subsequent calendar year, the purchaser of the credits may make one transfer election per calendar quarter.

Corporation Income and Franchise Tax Exemption

- Any corporation that is a certified Louisiana capital company will be exempt from the corporation income tax and the corporation franchise tax for five consecutive taxable periods.
- The corporation income tax exemption begins with the taxable period in which the capital company is certified. If the corporation is certified before the beginning of its first taxable period, the exemption will begin with the corporation's first taxable period.
- The corporation franchise tax exemption begins with the next taxable period following the taxable period in which capital company is certified. If the corporation is certified before the beginning of its first taxable period, the exemptions will begin with the corporation's second taxable period.

11. New Markets Tax Credit

The purpose of the new markets tax credit is to encourage and attract private sector qualified equity investment in a qualified community development entity in the state.

- A tax credit is allowed for investments in qualified low-income community development entities (CDEs).
- Before claiming the tax credit, investors must make application to the Department of Revenue and the credits will be allocated on a first-come, first-served basis. All requests received on the same business day will be treated as received at the same time, and if the aggregate amount of the tax credit requests received on a single business day exceed the total amount of available tax credits, tax credits will be approved on a pro rata basis.
- Investors are eligible for the tax credit if the Community Development Entity (CDE) has made qualified low-income community investments and no more than 25 percent of their investments in low-income communities are in the form of loans.
- Qualified low-income community investments cannot consist of investments secured by any state or federal governmental entity.
- Unused credits can be carried over to succeeding years until used.

Limitations on Tax Credit

- The \$50 million dollar cap on the credit for initial investments made after July 1, 2007 has been reached.
- The \$25 million dollar cap for investments made in 2008 authorized by Act 4 of the 2008 Second Extraordinary Session has been reached.
- The \$12.5 million dollar cap for investments made in 2009 authorized by Act 4 of the 2008 Second Extraordinary Session has been reached.
- The \$12.5 million dollar cap for investments made in 2010 authorized by Act 463 of the 2009 Regular Legislative Session has been reached.

Tax Incentives and Exemption Contracts

12. University Research and Development Parks

The purpose of these tax exemption contracts is to encourage the development of university biomedical research and development parks. The Board of Commerce and Industry, with the approval of the governor and the Joint Legislative Committee, can grant tax exemption contracts for university research and development parks as follows:

- Corporation franchise tax exemptions;
- Corporation income tax exemptions;
- Exemptions from any other taxes imposed by the state;
- Rebates of sales and use taxes on machinery, equipment, materials, and building supplies; and
- Rebates of sales and use taxes on any other goods and services.

The total annual amount of the state exemptions may not exceed 30 percent of the liability for corporate franchise, income, and state sales and use taxes of the business for the previous fiscal year. The total annual sales tax rebate amount for any fiscal year may not exceed the sales tax liability for the previous fiscal year.

This exemption contract may be granted for a period not to exceed five years and renewed for periods of up to five additional years, provided that the total number of years of the exemption does not exceed ten years.

Estimated Fiscal Effect

A negligible amount for this exemption was reported by taxpayers on the corporation income and franchise tax and individual income tax returns data available at the time of publication. The estimated fiscal effect of this credit does not take into consideration the changes to the priority of credits made by Acts 2016, 1st Ex. Sess., No. 23 or the end of the reductions made by Acts 2015, No. 125 on June 30, 2018.

Tax Incentives and Exemption Contracts

13. Industrial Tax Equalization Program

This program's purpose is to encourage the establishment and retention of manufacturing establishments, headquarters, or warehousing and distribution establishments in Louisiana by providing a procedure whereby the total state and local taxes imposed upon these establishments may be reduced, after all other tax incentives for specific sites are applied, to the levels imposed by other competing states.

Requirements for Exemption

The Board of Commerce and Industry may enter into a tax equalization contract only if each of the following requirements are met by the manufacturing establishment, headquarters, or warehousing and distribution establishments:

- The establishment must either be located in another state or be located in Louisiana and contemplating locating in another state that has equivalent or comparable advantages as the area in Louisiana in which the establishment is or seeks to be located.
- The state in which the establishment is located or is contemplating locating must have a total state, parish, and local tax structure that offers a greater tax advantage to the establishment than does the taxing structure of Louisiana.
- The applicant for tax equalization may be any form of business entity.
- The sites under consideration in Louisiana and the competing state must be valid and viable for the proposed operations.
- The secretary of the Department of Economic Development must make a recommendation to the governor to extend an invitation to apply for tax equalization.
- The applicant must receive an invitation to apply from the governor.

Tax Exemptions

Tax exemptions will be granted to entities in the following priority:

- New or retained manufacturing establishment
 1. Corporation franchise tax.
 2. Corporation income tax.

13. Industrial Tax Equalization Program (continued)

3. Sales and use tax on machinery and equipment to be used in manufacturing.
 4. Sales and use taxes on materials and supplies necessary for the manufacture or production of the product of the new manufacturing establishment.
 5. Any other taxes imposed by the state to which like businesses are subject.
- New or retained headquarters
 1. Corporation franchise tax.
 2. Corporation income tax.
 3. Sales and use tax on purchases and leases of, and repairs to, machinery and equipment that is used in the on-site operation of the new headquarters facility.
 4. Sales and use tax on purchases of tangible personal property used in the construction of the new headquarters facility.
 5. Any other taxes imposed by the state to which like businesses are subject.
 - New or retained warehousing and distribution establishment
 1. Corporation franchise tax.
 2. Corporation income tax.
 3. Sales and use tax on purchases and leases of, and repairs to, machinery and equipment that is used in the on-site operation of the warehousing and distribution establishment.
 4. Sales and use tax on purchases of materials and supplies necessary for the on-site operation of the warehousing and distribution establishment.
 5. Sales and use tax on purchases of tangible personal property used in the construction of the warehousing and distribution establishment.
 6. Any other taxes imposed by the state to which like businesses are subject.

Commuter Airline Sales Tax Exclusion

14. Exemptions for Manufacturing Establishments

The purpose of the manufacturing establishments exemption program is to induce industrial development in the state, encourage the establishment of new business enterprises and the retention and expansion of existing businesses that fit the Vision 2020 profile.

Applications must be submitted to LED and, at the same time, notices of the application and amount and type of exemption must be sent to each member of the legislature and to the assessor and governing authority of each political subdivision where the manufacturing establishment is located or is to be located.

LED will review the application to determine whether the requirements for an exemption contract have been satisfied and will determine whether exemptions should be provided in a contract to be recommended to the Board of Commerce and Industry.

The Board of Commerce and Industry will review any recommendations for exemptions made by the governor and LED and conduct public hearings on any application for exemption. The board will forward its recommendations and the proposed tax exemption contract and all other supporting documents to LED, the governor, the Legislative Budget Committee, the assessor, each member of the legislature, and the governing authority of the political subdivision before the governor takes action. Upon receipt of the recommendations and proposed contract the governor and the Legislative Budget Committee will each have 30 days to approve or reject the contract and, if approved, to return the contract to the board, LED and Revenue for implementation.

The Board of Commerce and Industry with approval of the governor may enter into contracts for periods not exceeding five years and the contracts may be renewed for periods of up to five years, provided that the total number of years of exemption shall not exceed 15 years unless provided in R.S. 47:3204(B)(1)(b).

Requirements for Exemption

The secretary of economic development and the Board of Commerce and Industry may consider any of the following factors in determining whether to award manufacturing establishment exemptions:

1. The benefits to the state in terms of continued employment opportunities, investments in, and modernization of, facilities, expenditures for goods and services, and contributions to the revenue base of the state and local governments and the creation of new and additional permanent jobs.

15. Enterprise Zones

Enterprise zones are areas with high unemployment, low income, or a high percentage of residents receiving public assistance.

The Enterprise Zone, or EZ program is a jobs incentive program that provides Louisiana income and franchise tax credits to a new or existing business located in Louisiana creating permanent net new full-time jobs, and hiring at least 50% of those net new jobs from one of four targeted groups. The benefit provides:

- Either a one-time \$3,500 or \$1,000 job tax credit for each net new job created.
- A 4% rebate of sales and use taxes paid on qualifying materials, machinery, furniture, and/or equipment purchased or a 1.5% refundable investment tax credit on the total capital investment, excluding tax exempted items. The 4% or 1.5% rebate shall not exceed \$100,000 per net new job created under the contract.

Eligibility

This program is open to any Louisiana business (new or existing) not engaged in gaming, residential development, a church, retail business or restaurant with NAICS of either 44, 45, or 722, and that will:

- Create a minimum of 5 permanent net new full-time jobs within 24 months of their project start date or increase their current nationwide employment by 10% within the first 12 months.
- Hire 50% or more of the net new jobs created from one or more of the certification requirements from these targeted groups:
 1. Residency-someone living within an enterprise zone within the state;
 2. People receiving an approved form of public assistance;
 3. People lacking basic skills. A person performing below a ninth grade proficiency in reading, writing or mathematics; or
 4. People unemployable by traditional standards.

Jobs Tax Credit

- Either a one-time \$3,500 or \$1,000 jobs tax credit for each certified net new job created.

15. Enterprise Zones (continued)

- Effective July 6, 2007, an employee must be a U.S. citizens and domiciled in Louisiana or establish domicile in Louisiana within 60 days of their employment.
- The jobs tax credit can be claimed against the taxpayer's state income or franchise tax liabilities and Limited Liability Companies and Subchapter S corporations may pass the job tax credit to the owners listed on the enterprise zone contract.
- The tax credits may be carried forward up to 10 years from the year earned.

Sales Tax Rebate

- State sales and use tax rebates are paid on materials, furniture, fixtures, machinery and equipment purchased and used on the enterprise zone site.
- Items must be delivered during the project or construction period.
- The rebate period cannot exceed 24 months.

Investment Tax Credit

- Effective July 10, 2007, taxpayers are given the option between the sales and use tax rebate and a refundable investment income tax credit equal to 1.5 percent of qualified expenditures.
- Qualified expenditures are defined as amounts classified as capital expenditures for federal income tax purposes plus exclusions from capitalization provided for in Internal Revenue Code Section 263(a)(1)(A) through (L), minus the capitalized cost of land, capitalized leases of land, capitalized interest, capitalized costs of manufacturing machinery and equipment to the extent the capitalized manufacturing machinery and equipment costs are excluded from sales and use tax pursuant to R.S. 47:301(3), and the capitalized cost for the purchase of an existing building.

17. Urban Revitalization Tax Incentive Program

The purpose of the Urban Revitalization Tax Incentive Program is to stimulate business and industrial growth in the depressed areas of the state by providing assistance to businesses and industries and by providing tax incentives in these areas.

Administration of Program

- LED is responsible for administering the program.
- LED will establish criteria for qualifications of urban revitalization zones based on unemployment, youth unemployment, per capita income, migration, and the number of residents receiving public assistance.
- LED will only designate urban revitalization zones after receiving notice from the appropriate governing authority that the governing authority agrees to the following:
 1. Devise and implement a program to improve police protection within the zone.
 2. Give priority to the use in the zone of any applicable funds received from the federal government.
 3. Assist LED in certifying employers to be eligible for the benefits of this program.
 4. Authorize LED to supersede certain specified local regulations and ordinances that may serve to discourage economic development within the revitalization zone.
 5. Assist LED in evaluating progress made in any revitalization zone within its jurisdiction.

Requirements

- The business enterprise and its contractors give preference and priority to Louisiana business enterprise and to Louisiana suppliers, contractors, and labor, except where not reasonably possible to do so without added expense, substantial inconvenience, or sacrifice in operational efficiency.
- Requests for exemptions must be accompanied by an endorsement resolution approved by the governing body of the appropriate municipality, parish, port district, or industrial development board in whose jurisdiction the establishment is to be located.
- The business is or shall be located within the boundaries of an urban revitalization zone.

17. Urban Revitalization Tax Incentive Program *(continued)*

- The business located in an urban revitalization zone and receiving benefits certifies that at least 35 percent of its employees:
 1. Are residents of the same or a contiguous revitalization zone as the location of the business.
 2. Were receiving some form of public assistance prior to employment.
 3. Were considered unemployable by traditional standards or lacking in basic skills.
 4. Any combination of the above.
- Employee certifications must be updated annually if the business is to continue receiving benefits.

Incentives

The Board of Commerce and Industry after consultation with the secretaries of the LED and LDR, and with the approval of the governor, may enter into contracts to provide for the following tax incentives:

- Exemption from all or a portion of the state income taxes for five years and renewable once for five years.
- Exemption from all or a portion of the state corporate franchise taxes for five years and renewable once for five years.
- \$5,000 tax credit per net new employee as determined by the company's average annual employment reported under the Louisiana Employment Security Law.
 1. This tax credit may be applied to any state income or franchise tax liability during the taxable year in which the increase in average annual employment occurred.
 2. If the entire credit cannot be used in the year earned, the excess of the credit can be refunded.
- These incentives are in lieu of any incentives under the Enterprise Zone Program.

19. Technology Commercialization Credit and Jobs Program

The purpose of the technology commercialization credit program is to induce companies to invest in the commercialization of Louisiana technology in Louisiana. The technology must be created by a Louisiana business and researched by a Louisiana university or college. The program provides a 40 percent refundable tax credit for companies that invest in the commercialization of Louisiana technology and a six percent payroll rebate for the creation of new, direct jobs.

Tax Credits

- Qualifying individuals or businesses that invest in the commercialization of Louisiana technology in the state may apply for a tax credit on any income or corporation franchise tax liability and earn a refundable tax credit based on new jobs created.
- Qualifying research centers that develop Louisiana technology to be commercialized may apply for a refundable tax credit based on new jobs created.
- Income or corporation franchise tax credit is equal to 28.8 percent of the amount of money invested in commercialization costs for one business location meeting the requirements of R.S. 51:2353(C).
- Credits will be granted for a period of not less than five tax years and can be renewed for an additional five tax years if further qualifications are met.
- Neither credit can be applied for and granted for more than ten consecutive tax years for the same location.

Application of Tax Credits

- Entities taxed as corporations for state tax purposes must claim credit on their corporation income and franchise tax return.
- Individuals, estates, and trusts must claim credit on their individual income tax return.
- Entities not taxed as corporations must claim credit on the partner's tax returns.

20. Angel Investor Tax Credit Program

The purpose of the Angel Investor Tax Credit Program is to encourage third parties to invest in early stage wealth-creating businesses in the state, expand the state's economy by enlarging its base of wealth creating businesses, and to enlarge the number of quality jobs available to retain the presence of young people educated in the state.

Qualifications

The Angel Investor Tax Credit Program is administered by LED. Individuals or entities that invest in a Louisiana Entrepreneurial Business that is domiciled in the state, employs 50 or fewer full-time employees, and has gross annual sales of less than \$10 million or has a business net worth of less than \$2 million may apply for income or corporation franchise tax credits for a period of five tax years.

Applicants must meet the following qualifications:

- The investment in the Louisiana Entrepreneurial Business must be an investment that is at risk and not secured or guaranteed. "At risk" means that the repayment of the investment is entirely dependent on the success of the business.
- The funds invested by the applicant cannot have been raised as a result of other Louisiana tax incentive programs, funds pooled or organized through capital placement agreements for the purpose of equity and venture capital investing unless approved by LED, or as the result of illegal activity.
- Angel investors cannot be the principal owners of the business who are involved in the operation of the business as a full-time professional activity nor can their spouses and relatives within the third degree of consanguinity or affinity. A principal owner means one or more persons who own an aggregate of 50 percent or more of the Louisiana Entrepreneurial Business.
- The use of proceeds from the investment must be used for capital improvements, plant equipment, research and development, working capital for the business, or other business activity as may be approved by LED. The proceeds cannot be used to pay dividends, repay shareholder's loans, redeem shares, or repay debt unless approved by LED.
- The applicant must meet the definition of accredited investor established by LED.
- The investment in the Louisiana Entrepreneurial Business by the applicant must be maintained for three years unless otherwise approved by LED.

20. Angel Investor Tax Credit Program (continued)

Louisiana Entrepreneurial Business must meet the following requirements:

- The principal business operations of the business are located in Louisiana.
- Before the investment by the taxpayer, the business has received approval as qualified to receive angel investor tax credits by LED.
- The Louisiana Entrepreneurial Business must demonstrate that it will be a wealth-creating business for Louisiana by demonstrating in its business plan that it will have more than 50 percent of its sales from outside Louisiana.
- The business is not a business engaged primarily in retail sales, real estate, professional services, gaming or gambling, natural resource extraction or exploration, or financial services including venture capital funds.

Tax credit qualifications:

- Credits are issued on a first-come, first-served system.
- Credit is equal to up to 35% of investment and the credit is divided equally over five years.
- Credit is useable in the income tax year that occurs 24 months from certification.
- The investment in the Louisiana Entrepreneurial Business may not exceed \$720,000 per year per business and \$1.44 million total per business.
- The credit will be allowed against the income tax for the taxable period in which the credit is earned and the franchise tax for the taxable period following the period in which the credit is earned.
- The total angel investor tax credits granted by LED in any calendar year may not exceed \$3.6 million.

Transferability of the Credit

Any credits allocated to a taxpayer and not previously claimed by any taxpayer against its tax may be transferred or sold to another taxpayer, subject to the following conditions:

- A single transfer or sale may involve one or more transferees.
- Transferrers and transferees must submit notification of any transfer or sale of tax credits to LED and LDR within 30 days after the transfer or sale of the tax credits.

Tax Incentives and Exemption Contracts

20. Angel Investor Tax Credit Program (continued)

- Failure to comply with the transfer requirements will result in the disallowance of the tax credit until the taxpayers are in full compliance.
- The credit transfer or sale does not extend the time in which the credit can be used.

Application of Tax credits

- All entities taxed as corporations for state tax purposes must claim credit on their corporation income and franchise tax return.
- Individuals must claim credit on their individual income tax return.
- Estates or trusts must claim credit on their fiduciary income tax returns.
- Entities not taxed as corporations must claim credit on the partner's tax returns.
- Tax credits will expire beginning with the 11th tax year after the tax year in which the credit was originally granted.

The purpose of the tax credit is to establish and promote Louisiana as one of the primary places in the United States in which live performances, from creation to presentation, are present and thriving.

For state certified productions meeting certain criteria, the program provides a tax credit for qualified production or higher education infrastructure development expenditures with additional tax credits available for payroll.

Limitation on tax credit:

- Tax credit can not exceed the total base investment in that production or infrastructure project and transportation expenditures.
- The total amount of credits certified for all state-certified infrastructure projects during any calendar year is limited to \$60 million.
- Credits will be granted on a first-come, first-served basis.
- If the total amount of credits applied for exceeds \$60 availability, the excess will be treated as having been applied for on the first day of the subsequent year.

22. Retention and Modernization Credit

The purpose of the retention and modernization credit is to provide an inducement for businesses to remain in the state and not relocate outside the state and to modernize their existing operations in Louisiana.

Tax Credit

The credit is granted at the rate of up to five percent of the amount of qualified expenditures incurred by the employer for modernization with the credit divided in equal portions for five years. The credit can be claimed against individual income tax or corporation income or franchise taxes.

A retention and modernization tax credit shall expire and have no value or effect on tax liability beginning with the eleventh tax year after the tax year in which it was originally granted.

Qualifications

Employers must be a manufacturer, as defined by NAICS codes 113310, 211, 213111, 541360, 311-339, 511-512, and 54171, as the employer's primary function.

"Modernization" means capitalized investment by an employer in technology, machinery, building and/or equipment that meets one of the following provisions:

- (1) an increase in the increase of maximum capacity or efficiency of the facility of greater than ten percent or
- (2) an approved investment from a company with multi-state operations with an established competitive capital project program. "Project" includes the design, development, installation and construction of a technology, machinery, building and equipment that results in a modernization of an employer's product line, unit, or entire operations that requires at least five million dollars of investment. No project placed in service before July 1, 2011 shall be eligible for the credit.

Application of Credits

- Individuals must claim credit on their individual income tax return.
- Estates or trusts must claim credit on their fiduciary income tax returns.
- Entities taxed as corporations will claim credit on their corporation income and franchise tax return.
- Entities not taxed as corporations will claim the credit on the returns of the partners or members.

Ineligible Participants

- Retail employers as identified by the NAICS code sections 44 and 45.
- Business associations and professional organizations as defined in NAICS code 8139.

22. Retention and Modernization Credit

(continued)

- State and local government enterprises.
- Real estate agents, operators, and lessors.
- Automotive rental and leasing.
- Local solid waste disposal, local sewage systems, and local water systems businesses.
- Nonprofit organizations.
- Employers engaged in the gaming industry as identified by the NAICS code sections 713210 and 721120.
- Attorneys.
- An employer who has defaulted on or not repaid any loan or other obligation involving public funds or an employer who has declared bankruptcy under which an obligation of the employer to pay or repay public funds or monies was discharged as part of such bankruptcy.
- An employer who is in default on any filing or payment with or to the state or any of its agencies or political subdivisions and in which an assessment or judgment that is final and non-appealable has been rendered, and remains outstanding, in favor of the state, or any of its agencies, or political subdivisions.

23. Green Job Industries Credit

The purpose of this credit is to promote “green job industries”. Green job industries include energy efficiency and renewable energy industries, energy-efficient building, construction, and retrofit industries, the renewable electric power industry, the energy efficient and advanced drive train vehicle industry, the biofuels industry, the deconstruction and materials use industries, the energy efficiency assessment industry serving the residential, commercial, or industrial sectors, and manufacturers that produce sustainable products using environmentally sustainable processes and materials approved by a nationally recognized high performance environmental building rating system, or that have the ENERGY STAR designation from the United States Environmental Protection Agency.

Application and Approval

Taxpayers must submit an application for initial certification to the LED that includes the following information:

1. A preliminary budget including estimated Louisiana payroll, estimated base investment, including the manner in which available federal and state incentives will be utilized in the financing or operation of the project.
2. A general description of the project.
3. Estimated dates for start and completion of the construction of the project.
4. The names of the companies and financiers to whom the credits shall be allocated and the estimated amounts of the credits to be allocated to each.

Upon approval by the secretary of LED, the commissioner of administration, and the office of the governor, LED shall initially certify a project as a state-certified green project and send notice of such certification to the applicant and to the secretary of the Department of Revenue.

Qualifications

When determining which projects qualify for certification, the LED, the commissioner of administration, and the office of the governor shall take the following factors into consideration:

- The impact of the state-certified green project on the employment of Louisiana residents.

23. Green Job Industries Credit (*continued*)

- The extent to which students in Louisiana colleges, universities, and vocational-technical schools will have an opportunity to work in a facility which manufactures green products.
- The impact of the project on the overall economy of the state including the manner in which available federal and state incentives will be utilized in the financing or operation of the project.

No tax credits can earned on multiple-use facilities until the facility directly used in the green job industries is complete.

Tax Credit

1. The tax credit shall be calculated as a percentage of the total base investment dollars certified per project as follows:
 - Total base investment greater than \$100,000 and less than or equal to \$300,000—10 percent tax credit.
 - Total base investment greater than \$300,000 and less than or equal to \$1 million—20 percent tax credit.
 - Total base investment greater than \$1 million—25 percent tax credit.
2. Payroll Credit.
 - To the extent that base investment is expended on payroll for Louisiana residents employed in connection with the construction of a state-certified green project—additional tax credit of 10 percent of the payroll. However, if the payroll to any one person exceeds \$1 million, this additional credit excludes any salary for that person.
 - If the payroll is for Louisiana residents employed in connection with a state-certified green project, who are graduates of an institution within the Louisiana Community and Technical College System or graduates of an apprenticeship program registered with the Louisiana Workforce Commission, —additional tax credit of one percent of the payroll.

Application of Credits

- Individuals must claim credit on their individual income tax return.
- Estates or trusts must claim credit on their fiduciary income tax returns.

24. Louisiana Quality Jobs Program (continued)

Minimum Wage and Health Care Requirements

The minimum wage requirement for new direct jobs is \$14.50 per hour in wages and healthcare benefits.

Minimum Annual Gross Payroll Requirements:

If an employer employs:

50 or fewer employees state-wide prior to the start date of the contract, the minimum annual payroll threshold for new direct jobs is \$250,000.

More than 50 employees statewide prior to the start date of the contract, the minimum annual payroll threshold for new direct jobs is \$500,000.

If the actual verified annual gross payroll for the employer's third fiscal year does not show a minimum of five new direct jobs and does not equal or exceed a total annual payroll for new direct jobs of either \$500,000 or \$250,000, whichever is applicable, the employer will be determined to be ineligible.

Payroll Benefit

- The benefit rate shall be 5 percent for new direct jobs which pay at least \$14.50 per hour in wages and health care benefits;
- The benefit rate shall be 6 percent for new direct jobs which pay at least \$19.10 per hour in wages and health care benefits;
- Health care benefits paid shall be the value of the health care benefits plan elected by an employee, as determined by the department.

Sales Tax Rebate

- State sales/use tax rebate on materials for new infrastructure, machinery, and equipment purchased during the construction period and used exclusively on site.
- A portion of the local sales/use tax may be rebated with an Endorsement Resolution from the local governing authority received before the application is approved.
- Local sales tax dedicated to schools or bond indebtedness is not eligible for rebate.

Project Facility Expense Rebate

- Effective July 10, 2007, taxpayers are given the option between the sales and use tax rebate and a project facility expense rebate equal to 1.5 percent of qualified expenditures.

24. Louisiana Quality Jobs Program (continued)

- Qualified expenditures are defined as amounts classified as capital expenditures for federal income tax purposes plus exclusions from capitalization provided for in Internal Revenue Code Section 263(a)(1)(A) through (L), minus the capitalized cost of land, capitalized leases of land, capitalized interest, capitalized costs of manufacturing machinery and equipment to the extent the capitalized manufacturing machinery and equipment costs are excluded from sales and use tax pursuant to R.S. 47:301(3), and the capitalized cost for the purchase of an existing building.

For contracts entered into on or after June 30, 2007, Acts 387 of the 2007 Regular Legislative Session changed the requirements for an employer to qualify for the rebate.

We are unable to predict the future fiscal effect because the Department does not have data on approved or pending contracts.

26. Corporate Headquarters Relocation Program

The Corporate Headquarters Relocation Program provides a rebate equal to 25 percent of a participating company's relocation costs when they relocate or expand their headquarters within Louisiana. The secretary of LED may invite businesses who meet the eligibility requirements to participate in the program.

Program Administration

The secretary of LED may invite a business to participate in the program, upon determining the business meets all of the following criteria:

1. the business is relocating a headquarters to Louisiana or is expanding headquarters in Louisiana;
2. the secretary determines that participation in the program will be a significant factor in a highly competitive site selection situation to encourage the business to relocate or expand the headquarters in Louisiana;
3. the secretary determines that securing the project will result in a significant positive economic benefit to the state; and
4. relocation or expansion of the headquarters will create at minimum of 25 headquarters jobs.

Application and Approval

LED shall determine the terms and conditions of the contract, including but not limited to, scope of the project, performance obligations, determination of qualifying relocation costs, and the maximum amount of qualifying relocation costs eligible for the rebate.

The secretary may request approval of the contract by the Joint Legislative Committee on the Budget upon determining the company meets the eligibility requirements of the program. The Joint Legislative Committee on the Budget may approve the contract for the business' participation in the program.

Certification of Qualifying Costs

The qualified business must provide LED with a cost report detailing all relocation costs upon completion of the relocation or expansion. LED will review the cost report and certify a dollar value of relocation expenditures eligible for the rebate. LED may require an audit of the relocation costs at the expense of the qualified business.

The secretary of LED may invite businesses who meet the eligibility requirements to participate in the program. Contracts may be for an initial term of up to 5 years, renewable for another 5 years at the discretion of LED.

Qualifications

The secretary may invite a business to participate in the program, upon determining the business meets all of the following criteria:

1. at least 50 percent of the total annual sales of the business from its Louisiana site or sites is to out-of-state customers or buyers, or to in-state customers or buyers who resell the product or service to an out-of-state customer or buyer for ultimate use, or to the federal government, or any combination thereof;
2. the business will primarily engage in one of the following activities at the project site:
 - a. manufacturing of the certain listed types of durable goods;
 - b. manufacturing of pharmaceutical products;
 - c. conversion of natural gas to diesel, jet fuel, or other refined fuels;
 - d. data storage or data services, provided that at least 75 percent of sales meet the out-of-state sales requirements of this Subsection; or
 - e. other activities as recommended by the secretary and approved by the Joint Legislative Committee on the Budget; and
 - f. the business offers or will offer a basic health benefits plan to individuals it employs within 90 days of the effective date of qualifying for the incentive rebates pursuant to R.S. 51:3111.

Application and Approval

LED will determine the eligibility of a business based on the determination that program participation will be a significant factor in a highly competitive site selection situation, and that securing the project will provide a significant positive economic benefit to the state. The contract must be approved by the Joint Legislative Committee on the Budget. If approved, LED will then execute the contract with the business and provide a copy thereof to the Department of Revenue. The contract provisions must include the percentage of new payroll eligible for rebate, the maximum amount of new payroll eligible for rebate, the number of new jobs and amount of new payroll required to be created and maintained, and any other performance obligations required.

28. Procurement Processing Company Rebate Program

The secretary of LED is authorized to enter into contracts with procurement processing companies to recruit to Louisiana, purchasing companies that generate sales of items subject to states sales/use taxes. These contracts provide a rebate to these procurement processing companies which are derived from a portion of the state sales and use taxes collected on new taxable sales by the purchasing company which is managed by the procurement processing company under contract with LED. The initial term of the contract cannot exceed twenty years and can be renewed for up to an additional twenty years.

The state sales tax revenues generated as a result of the activities of these purchasing companies are to be disbursed in the following order of priority:

1. The payment of rebates to procurement processing companies in accordance with the provisions of their contract;
2. Reimbursement of administrative expenses to LDR; and

Telecommunication Tax Exemption

Telecommunication Tax

{ Introduction }

Act 660 of the 1988 Regular Legislative Session levied a tax on each residence and business telephone access line of local exchange companies operating in Louisiana. This tax was for the purpose of providing access to all public telecommunications services to persons who are deaf, deaf and blind, hard of hearing, speech impaired, or who are similarly handicapped. The taxes are collected from the customers monthly and remitted quarterly by each local exchange company. The proceeds from this tax are placed in a special fund designated as the Telecommunications for the Deaf Fund.

Tobacco Tax Exemptions

Tobacco Tax

{ Introduction }

A tobacco tax was first levied in 1926, by Act 197 for the benefit of public schools. Retail dealers were taxed at the rate of 1¢ per 10¢ of the retail selling price of cigarettes, smoking and chewing tobacco, cigars, cheroots, and snuff. The tax was effective October 1, 1926, for a period of four years.

Act 4 of 1932 levied a new tax on sales of cigars, cigarettes and smoking tobacco effective September 1, 1932. The cigarette rate was based on each cigarette sold. Cigars were taxed on weight and price per 1,000 and the tax ranged from 75¢ to \$13.50 per 1,000. Smoking tobacco was taxed at 1¢ for each 5¢ of retail selling price. The tax was evidenced by tax stamps supplied by the state and applied by the tobacco dealers who were allowed a discount when purchasing stamps in quantities not less than \$100 face value.

The tax rates on cigarettes increased over the years as follows:

1932	Levied at 1/5¢ per cigarette to 4¢ per 20 pack
1942	Increased by 1/20¢ per cigarette to 5¢ per 20 pack
1948	Increased to 2/5¢ per cigarette or 8¢ per 20 pack
1970	Increased to 11/20¢ per cigarette or 11¢ per 20 pack
1984	Increased to 16/20¢ per cigarette or 16¢ per 20 pack
1990	Increased to 1¢ per cigarette or 20¢ per 20 pack
2000	Increased by 4/20¢ per cigarette to 24¢ per 20 pack
2002	Increased by 12/20¢ per cigarette to 36¢ per 20 pack
2015	Increased by 50/20¢ per cigarette or 86¢ per 20 pack
2016	Increased by 22/20¢ per cigarette or \$1.08 per 20 pack

The tax increase of 4/20 of 1 cent per cigarette enacted in 2000 expired June 30, 2012. However, an amendment to the Constitution, approved by voters on October 22, 2011, effectively restored the expiring tax and placed a tax of 4/20 of 1 cent per cigarette in the Louisiana Constitution.

The tax rates on cigars and smoking tobacco changed in 1942 and 1948, and were eventually set at the current rates in 1974 by Act 413, effective January 1, 1975. A tax on smokeless tobacco was levied effective July 1, 2000.

The discount from the face value of the tax stamp also changed from the original ten percent in 1932 to six percent in 1942; seven percent in 1944; nine percent in 1948; six percent in 1972; to the current five percent in 2016.

The tobacco tax is currently levied on tobacco and vapor products, and collected from the dealer who first sells, uses, consumes, handles, or distributes the products within the state. Tax stamps indicate the payment of tax on cigarettes and can only be purchased from the Department by wholesale tobacco dealers who are required to post a bond.

- Smokeless tobacco – 20 percent of the manufacturer’s invoice price.
- Vapor Products - 5 cents per milliliter of consumable nicotine liquid solution.

Types of Tax Exemptions

Tobacco tax exemptions are in the form of discounts, exemptions, and refunds. Discounts are a proportionate deduction from the gross amount reported. Exemptions are items included in the tax base, but specifically exempted by statute. Refunds are restitution of taxes paid.

There are three tax exemptions that are also prohibited from taxation by federal laws. Because of these additional prohibitions, repeal of the exemption alone would not yield the fiscal effect indicated. For this reason, these exemptions have been separately grouped at the end of the section.

Appendices

Part 7

Revised Statute 47:1517 - Tax Exemption Budget

Revised Statute 47:1517. Tax Exemption Budget

- A. No later than the first day of March the secretary of the Department of Revenue shall prepare and submit to the governor and the legislature a tax exemption budget in the manner set forth in this Section.
- B. (1) The annual tax exemption budget shall include the following:
- (a) Each tax exemption, its statutory citation, and its purpose.
 - (b) The revenue loss to the state caused by each tax exemption for the three preceding years, the estimated revenue loss to the state caused by each tax exemption for the current fiscal year, and the estimated revenue loss to the state caused by each tax exemption for the ensuing fiscal year.
 - (c) The estimated cost of administering and implementing each tax exemption for the three preceding fiscal years, the current fiscal year, and the ensuing fiscal year.
- (2) The tax exemptions in the annual tax exemption budget shall also be organized in an additional opening schedule as follows:
- (a) Agricultural/Rural: a tax exemption that pertains to a business or person being located in a rural area; or, engaging in an agricultural trade/business.
 - (b) Business Environment: a tax exemption that encourages competitiveness with other states by impacting the tax burden of business entities that engage in specific activities that include holding or maintaining inventory or property in the state, using or deriving benefit from water, electric power, energy or any other utility type resources, or buying, leasing, renting or selling machines or equipment used for the production, modification, creation or facilitation of tangible personal property in the state, or using consumables in the manufacturing process that does not become a part of the final product, including the following:
 - (i) Inventory Tax Ad Valorem.
 - (ii) Business Utilities Sales Tax.
 - (iii) Manufacturing Machinery and Equipment.
 - (iv) Direct Inputs and Consumables.
 - (c) Corporate Income Tax Formula: a tax exemption that is unique or specific to Louisiana and relates to assisting, guiding or aiding a business entity in determining the amount of its income for Louisiana tax purposes.
 - (d) Dealers and Vendors Compensation and Discounts: a tax exemption that encourages either the timely filing of a return, report, form or document or the timely payment of a tax, fee or other amount due.
 - (e) Educational Breaks for Educational Institutions: a tax exemption that pertains to an entity that engages in a specified activity that provides or facilitates the act of learning, or, an entity or institution who provides or facilitates learning.
 - (f) Educational Breaks for Individuals: a tax exemption that pertains to an individual who engages in a specified activity that is beneficial to, or provides or facilitates the act of learning.
 - (g) Incentives: a tax exemption that encourages a particular or specified economic activity by modifying the tax burden of the economic activity or behavior that is taking place. Categories of incentives include those, that spur the hiring of employees by business, or that are administered by and through a contract with the department of:
 - (i) Economic Development.
 - (ii) Culture, Recreation & Tourism.
 - (iii) Environmental Quality.
 - (iv) Revenue, including those for Severance Tax (that is not a part of the normal taxing scheme of other states).
 - (h) Louisiana Constitutional Mandates: a tax exemption outlined in the state constitution that modifies the tax burden.
 - (i) Non-itemized Sales and Use Tax Exclusions and Exemptions: a sales tax exemption that is not individually itemized on a Louisiana sales tax return before March 2016 and is therefore not assigned a value in the Tax Exemption Budget.
 - (j) Normal Tax Structure: an exemption that is commonly used or implemented in other states; enacted to prevent double taxation; or used to prevent the taxation of direct business inputs. The exemption could be mandated by the federal government, the state to ensure a foreign, tribal, local, municipality or state entity addresses taxes owed to the state, the federal or state government to ensure the protections of commerce across state lines, the state government to determine the taxability of businesses when it incurs losses, or the state government on activities that sever the state's natural resources in a manner that is not unique to Louisiana and widely accepted policy among oil producing states, including the following:

Revised Statute 47:1517 - Tax Exemption Budget

- (i) Federal Mandatory.
 - (ii) Intergovernment.
 - (iii) Interstate Commerce.
 - (iv) Net Operating Loss.
 - (v) Normal Severance.
 - (k) Personal Income Tax Formula: a tax exemption that assists, guides, or aids an individual in determining Louisiana tax table income after determining Louisiana adjusted gross income.
 - (l) Retirement, Disability, and Military: a tax exemption that modifies the tax owed by individuals who receive money, including but not limited to wages and interest as a result of this special status or position in life that is recognized by statute.
 - (m) Specialty Sales Tax Exemptions, including the following:
 - (i) Sales tax holidays.
 - (ii) Purchase of a specific item.
 - (iii) Purchase made by a specific taxpayer.
 - (iv) Activities of a specific group or organization.
 - (n) Specialty Income Tax Exemptions, including the following:
 - (i) Performance of a specific activity.
 - (ii) Purchase of a specific item.
 - (iii) Purchase made by a specific taxpayer.
 - (3) No statute, provision, exemption, exclusion, refundable or nonrefundable credit, rebate or deduction listed in the categories outlined above shall be listed in more than one category without a specific notation of doing such.
 - (4) The secretary may add additional categories to the additional opening schedule as deemed appropriate and necessary.
- C. The annual tax exemption budget shall also include an assessment of each tax exemption based on the following criteria:
- (1) Whether or not each tax exemption has been successful in meeting the purpose for which it was enacted, in particular, whether each tax exemption benefits those originally intended to be benefited, and if not, those who do benefit.
 - (2) Whether each tax exemption is the most fiscally effective means of achieving its purpose.
 - (3) Unintended or inadvertent effects, benefits, or harm caused by each tax exemption, including whether each tax exemption conflicts with other state laws or regulations.
 - (4) Whether each tax exemption simplifies or complicates the state tax statutes.
- D. The Department of Revenue is authorized to request from any state or local agency or official any information necessary to complete the budget required by this Section. Any such official shall comply with this request.
- E. "Tax exemptions" means those revenue losses attributable to provisions of the state tax statutes or rules promulgated pursuant to such statutes, which allow a special exclusion, exemption, or deduction from gross income or sales or which provide a special credit, a preferential rate of tax, or a deferral of tax liability.
- F. The House Committee on Ways and Means and the Senate Committee on Revenue and Fiscal Affairs, hereinafter referred to as "committees", shall conduct hearings on the tax exemption budget every odd-numbered year, to be concluded thirty days before the beginning of the regular session of the Louisiana Legislature. The committees shall analyze and consider tax exemptions which have caused revenue loss to the state of ten million dollars or more in any one of the last three fiscal years. From time to time, the committees may report to the legislature findings or recommendations developed as a result of the hearings.

Glossary

Part 8

Glossary

Actual tax collections – amount of tax revenue received and available for appropriation.

Beneficiary – any person or entity who gains an advantage and/or profits from a tax exemption.

Corporation income tax – a tax paid by all corporations or entities taxed as corporations for federal income tax purposes on income earned in Louisiana.

Credit – an amount that is subtracted from a tax liability.

Deduction – an amount which the taxpayer is allowed to subtract when computing the taxable base.

Deferred tax liability – the legal authorization to delay the obligation to pay a tax to a future period.

Effective date – the date upon which a statute, is considered to take effect, which may be a past, present or future date.

Estimated fiscal effect – the future estimated revenue loss to the state caused by each tax exemption.

Exemption/Exclusion – the statutory elimination of certain items or transactions from the tax base. An exemption is a mechanism that prevents taxation on an item or class of items that would normally be taxed under the law. An exclusion is the absence of taxation on an item or class of items. However, Louisiana law often conflates the term “exclusion” with “exemption,” such that the former may be used to describe a mechanism that might be better characterized as the latter.

Excise tax – a fixed, per unit tax imposed on a commodity or commodities.

Federal adjusted gross income – the amount of income earned or received during the year after certain exclusions and adjustments according to federal law.

Franchise tax – a tax imposed on business corporations for the privilege of conducting business in Louisiana. The tax is levied on either the assessed value of all real and personal property in the state or the amount of issued and outstanding capital stock, surplus, and undivided profits attributable to Louisiana, whichever is larger.

Individual income tax – a tax levied on personal income earned by Louisiana residents and on income earned in Louisiana by non-residents.

Itemized deductions – Under federal law, certain deductions that are subtracted from adjusted gross income and are applied in lieu of a standard deduction.

Non-refundable tax credit – a tax credit that reduces the income tax liability and, if allowed by the statute authorizing the credit, any remaining amount can be carried forward for use in future tax years. If the amount of credit is greater than the taxes owed, the excess will not generate a refund.

Percentage of tax loss – the exemption losses by tax divided by the total potential collections.

Petroleum taxes – a tax on motor fuels such as gasoline and special fuels including diesel, compressed natural gas, liquefied natural gas, and liquefied petroleum gas.

Preferential tax rate – a provision which provides a tax rate for certain persons, types of income, transactions, or property that results in reduced tax revenue.

Refundable tax credit – a tax credit that reduces the income tax liability, with any excess credit amount being refunded to the taxpayer.

Sales tax – a tax imposed on certain consumer purchases of tangible personal property and certain specific services.

Service – the performance of an action or activity for others.

Severance tax – a tax levied on natural resources taken from the ground.

State revenue losses – state tax revenue not collected due to statutory tax exemptions. This would not include statutory tax exemptions that are also prohibited from taxation by the state constitution, federal laws, or existing reciprocal agreements.

Statutory tax exemption – an amount that is prohibited from taxation by state statute. This would not include statutory tax exemptions that are also prohibited from taxation by the state constitution, federal laws, or existing reciprocal agreements.

Sunset provision – a clause in a statute which provides for an automatic repeal of the entire law or a section of a law once a specific date is reached.

Taxable income – the amount to which the applicable tax rate is applied.

Glossary

Taxable base – is the value of a set of assets, investments, transactions, or income streams (depending on the tax type) that are subject to taxation.

Tax exemptions – tax dollars that are not collected and result in a loss of tax revenues available for appropriation. Tax exemptions result from tax laws which provide an exemption, exclusion, deduction, credit, preferential tax rate or a deferral of tax liability to reduce the amount of the taxpayer's liability to Louisiana. Tax exemptions provide economic incentives or tax relief to particular classes of persons or entities to achieve a public purpose.

Agriculture/rural – a tax exemption that pertains to a business or person being located in a rural area; or, engaging in an agricultural trade/business.

Alternative reporting method or statutorily prescribed method of taxation for sales tax – tax exemption that assists, guides, or aids a business entity in determining the sales tax to remit or the amount subject to sales tax.

Business environment – a tax exemption that encourages competitiveness with other states by impacting the tax burden of business entities that engage in specific activities that include holding or maintaining inventory or property in the state, using or deriving benefit from water, electric power, energy or any other utility type resources, or buying, leasing, renting or selling machines or equipment used for the production, modification, creation or facilitation of tangible personal property in the state, or using consumables in the manufacturing process that does not become part of the final product.

Corporate income tax formula – a tax exemption that is unique or specific to Louisiana and relates to assisting, guiding or aiding a business entity in determining the amount of its income for Louisiana tax purposes.

Dealers and vendors compensation and discounts – a tax exemption that encourages either the timely filing of a return, report, form or document or the timely payment of a tax, fee or other amount due. The discount for tobacco stamps is the only one not based on timely filing; it is to provide a volume discount and to compensate dealers for expenses related to tax collection.

Educational breaks for educational institutions – a tax exemption that pertains to an entity that engages in a specified activity that provides or facilitates the act of learning, or, an entity or institution that provides or facilitates learning.

Educational breaks for individuals – a tax exemption that pertains to an individual who engages in a specified activity that is beneficial to, or provides or facilitates the act of learning.

Incentives – a tax exemption that encourages a particular or specified economic activity by modifying the tax burden of the economic activity or behavior that is taking place.

Louisiana constitutional mandates – a tax exemption outlined in the state constitution that modifies the tax burden.

Natural disaster – a tax exemption that was created to assist taxpayers in recovering from a natural disaster or was created as a direct result of a natural disaster.

Non-itemized sales and use tax exclusions and exemptions – a sales tax exemption that is not individually itemized on a Louisiana sales tax return before March 2016, and is therefore not assigned a value in this document.

Normal tax structure – a tax exemption that is commonly used or implemented in other states; enacted to prevent double taxation; or used to prevent the taxation of direct business inputs.

Personal income tax formula – a tax exemption that assists, guides, or aids an individual in determining Louisiana tax table income after determining Louisiana adjusted gross income.

Retirement, disability, and military – a tax exemption that modifies the tax owed by individuals who receive money including, but not limited to, wages and interest as a result of this special status or position in life that is recognized by statute.

Specialty income tax exemptions – an income tax exemption that encourages a particular or specified economic activity by providing a credit or deduction for the economic activity or behavior that is taking place. Categories of specialty income tax exemptions include tax exemptions for performance of a specific activity, purchase of a specific item, purchase made by a specific taxpayer, or an exemption for specific activity that benefits a community.

Specialty sales tax exemptions – a sales tax exemption that encourages a particular or specified economic activity by

Glossary

modifying the tax burden of the economic activity or behavior that is taking place. Categories of specialty sales tax exemptions include sales tax holidays, purchase of a specific item, purchase made by a specific taxpayer, or activities of a specific group or organization.

Tax incentives and exemption contracts – Tax exemptions that encourages a particular or specified economic activity by modifying the tax burden of the economic activity or behavior that is taking place. Categories of incentives include those that spur the hiring of employees by business, or that are administered by and through a contract with the Departments of Economic Development, Culture, Recreation & Tourism, Environmental Quality or Department of Revenue.

Total potential collections – actual tax collections plus the state revenue losses due to tax exemptions.
